[To Courtroom] Essentially, the purpose of the Court, and what you are

asking me to do - is to repay &/or repent for the damage I've done

and I hope the following provisions are sufficient (knowledge of

discovery and humble request for us all to do the same)

but I already know you & everything I do - everything is recorded in the grand AKS file archives (add did please chiving and demands made from reality incipit esse Tuum. [notified for signature & delivery] you get/medicate)

v. when direction advised: The following materials are intimately personal and are not meant to be taken out of context; please view all prior publications prior to any assessment (for your AKS, with m. Hagan (Machin) any would not share space on your AKS)

add made in by of for criminals (USA) made of criminals, by criminals, for criminals =  
And they think inmates are the "badguys" AKA: Made in the USA - "synagogue of satan" India & China slaves... that calls itself a "nation"

1 Why does no one care about child slavery? (The real Meditation)  
2 #AUTISTIC AMERICA pretends to care about things that are objectively less important #1  
3 <sup>than</sup> the fact that #slavery still exists. The solutions are right in front of us (YTPW)  
4 <sup>it's</sup> self sufficiency #disaster preparations #water is life #Bioregionalism #Cascadia Now #Culture of peace  
5 <sup>science</sup> not silence #mother nature. The colleges/universities have all the  
6 information - so do something w/ it! (stop building to space, build super  
7 computers and split atoms; We can solve poverty, war and environmental  
8 degradation.) Sadly, a large majority of citizens don't have an education or  
9 the attention span to receive one and live in a magical realm of witch-  
10 hunting and superstitions (confirmation bias/racist/sexist/jealous/Bigots) operating  
11 in preformal <sup>criminal</sup> cognitions. This is why Hollywood & Fake news media  
12 run the world. If only the Sheeple could follow their Shepherd Christ: Love.  
13 (Exodus 20:1-17, Romans 13:8-10, John 13:34-35, 1 Corin 13, 1 Peter 4:8, 1 John 4:7-8, 16, John 15:13, 25:35-45)  
unable to understand logic or mathematical truths let alone consent (too egotistical)

\*add YouTube, Archive.org, Facebook & email \*omit shit artist statement and antagonistic lang.

inmate feedback:

"a lot of hard work to be done & nobody wants to do it" "government won't/doesn't want us to be self sufficient. This is Satan's world" - Kumel, #11

"Cascadia is a NeoNazi Organization", (hence change to bioregionalism)

↳ obvious propaganda, Cascadia Now is environmentalist/hippy/civil rights

(all other "cares" are FAKE AF)

why does no one care about Child Slavery? Everyday people pretend to care about things that are objectively less important/dramatic/immoral than the fact that slavery still exists and <sup>products</sup> every we use everyday from India, China and other countries

we continue to support it by buying cheap products  
That solutions are #Human rights #culture of peace #self sufficiency #disaster preparations  
#collective forums #direct representation #opensource government #transparent accounting #informed-  
consent #Bioregionalism #Protect mother nature #water is life #Biodiversity is Biosecurity

#Pride without Oppression #The Lucifer Effect #Cycle of Abuse #Power Dynamics

Cultural Kabeas Corpus Practice and Procedure, 7th edition

ens corpus uses the tool of federal civil procedure to litigate the constitutionality of state and federal criminal procedures. It places federal trial courts in an appellate relationship to state appellate courts, while often assigning fact-finding as well as law and fact review functions to those essentially appellate federal forums. It combines all these distinct legal contexts in a setting in which many important and often competing values and interests are at stake - the enforcement of local criminal law and of national constitutional norms; the integrity of the state and also of the federal judicial system and the security of local communities and the liberties and lives of the criminally accused. Understanding and effectively implementing habeas corpus practice and procedure requires large doses of ... judgment and imagination... which this book is designed to stimulate.

on a whole leading a happy, peaceful, & contented life. I  
 consider every day of my life grand (going to)  
 like a guard just got me a letter  
 like a calm and like they agreed  
 to do it, would have thought they would  
 mind me. But then when they said  
 my service it seems like they really  
 about like me. Now I'm in this hell  
 hole, worse than the first horrible  
 military ventilation cleaning more dirty  
 ugly and compared to the last, no  
 way off course, at least to happy to  
 see the train and sky and how  
 their neighbor kept screaming - oh  
 but a couldn't help myself - I really  
 thought I was going to be knocked  
 off for my "couldn't" & life  
 purpose. "At least my dirty and all  
 that, just love you" scribbled on  
 the ceiling and much more than  
 on the door (prob common hygiene) & maybe  
 god wanted me down here, my intent to  
 help heal this village and who does  
 not believe me - obviously the  
 mother in my. I'm really fed up of hatred  
 towards my village and now put a  
 message of this & this falling one as anybody

Not returned soul of man" (NY Times #1 Best Seller) is an excellent something else, it don't like dark thickest prison novel. And the woman who responded was so nice! She gave me a boost!  
Shedden you feel the same thing? The wounded soul? You of course! the cat who is Danish Modern, Modish, smart, I would not be more grateful unless someone is and said loud (s) "I want to love you". Not really do you disregard source in favor of belief? You can go now believe or wish. And although you may not feel it, your lack of trust in the goodness of faith-the world who binds us and have that experience of faith which has caused humanity to turn back to spiritual and a curse to your fellow fabric- your father's each even those who seem to trust believe in their right but most important message: Love. These same believers are non-believers in the goodness of human nature as well as evil eye affecting the most vulnerable and cause them to wonder and stumble (Mid. W. 2:35-48, p. 48). And although you may not feel it hurts my heart to be around those who are about to take it to heaven and experience a sharp ache. So were we credit my own son's message at true if he true and I look at his work and worked much of my adult life creative, what I have to admit myself and stand for what both reason and science have shown; Love is the answer. My God - your mission is to show us another me to a sad Told Presently they abuse dead and churches are abusing Christ making them to suffer old down. The poor and the suffering suffer because of source. Love collective and future health. Despite that emergence of Science w/ the Gospel, scientists is to participate amongst the sheep-they don't know what to believe! Even when it comes down to one word: Love. All have been day of faith, none of anything that might move them. Given God has been looked out of the heads of his son, why? But it was blessed w/ an education and a faith. So once and evolution mental science don't not dispute but confirm the Gospel Slavery and Pollution of the Heart by John Matthew South West God Now! He who has an ear let him hear what the Spirit says to the churches' (Rev. 2:7). Hear how back to the annoying clock like knocking of my impression and neighbor. It is an unfortunate, solving obligation to know: we would rather hurt his neighbors than feel nothing at all (and if the lack of resources is hard to blame him or tell him to find some things to do (in an empty cell w/ offshoot who rarely respond to respect our wishes)) maybe he is retarded, or just lonely, or unable to speak the language in his Court, until her next meal which seems to be the only thing worth looking forward to. Does a simple call to the only thing worth looking forward to make sense of Hell?

The heart is a lonely hunter (p. 115) plus there are a lot of known and unknown who don't know. For every 100 who had known by 1911 who knows 73-111 per cent for three (3) known staff) 191-194-195-196-197-198-199-200-201-202-203-204-205-206-207-208-209-210-211-212-213-214-215-216-217-218-219-220-221-222-223-224-225-226-227-228-229-230-231-232-233-234-235-236-237-238-239-240-241-242-243-244-245-246-247-248-249-250-251-252-253-254-255-256-257-258-259-260-261-262-263-264-265-266-267-268-269-270-271-272-273-274-275-276-277-278-279-280-281-282-283-284-285-286-287-288-289-290-291-292-293-294-295-296-297-298-299-300-301-302-303-304-305-306-307-308-309-310-311-312-313-314-315-316-317-318-319-320-321-322-323-324-325-326-327-328-329-330-331-332-333-334-335-336-337-338-339-340-341-342-343-344-345-346-347-348-349-350-351-352-353-354-355-356-357-358-359-360-361-362-363-364-365-366-367-368-369-370-371-372-373-374-375-376-377-378-379-380-381-382-383-384-385-386-387-388-389-390-391-392-393-394-395-396-397-398-399-400-401-402-403-404-405-406-407-408-409-410-411-412-413-414-415-416-417-418-419-420-421-422-423-424-425-426-427-428-429-430-431-432-433-434-435-436-437-438-439-440-441-442-443-444-445-446-447-448-449-450-451-452-453-454-455-456-457-458-459-460-461-462-463-464-465-466-467-468-469-470-471-472-473-474-475-476-477-478-479-480-481-482-483-484-485-486-487-488-489-490-491-492-493-494-495-496-497-498-499-500-501-502-503-504-505-506-507-508-509-510-511-512-513-514-515-516-517-518-519-520-521-522-523-524-525-526-527-528-529-530-531-532-533-534-535-536-537-538-539-540-541-542-543-544-545-546-547-548-549-550-551-552-553-554-555-556-557-558-559-560-561-562-563-564-565-566-567-568-569-570-571-572-573-574-575-576-577-578-579-580-581-582-583-584-585-586-587-588-589-590-591-592-593-594-595-596-597-598-599-600-601-602-603-604-605-606-607-608-609-610-611-612-613-614-615-616-617-618-619-620-621-622-623-624-625-626-627-628-629-630-631-632-633-634-635-636-637-638-639-640-641-642-643-644-645-646-647-648-649-650-651-652-653-654-655-656-657-658-659-660-661-662-663-664-665-666-667-668-669-670-671-672-673-674-675-676-677-678-679-680-681-682-683-684-685-686-687-688-689-690-691-692-693-694-695-696-697-698-699-700-701-702-703-704-705-706-707-708-709-710-711-712-713-714-715-716-717-718-719-720-721-722-723-724-725-726-727-728-729-730-731-732-733-734-735-736-737-738-739-740-741-742-743-744-745-746-747-748-749-750-751-752-753-754-755-756-757-758-759-760-761-762-763-764-765-766-767-768-769-770-771-772-773-774-775-776-777-778-779-780-781-782-783-784-785-786-787-788-789-790-791-792-793-794-795-796-797-798-799-800-801-802-803-804-805-806-807-808-809-810-811-812-813-814-815-816-817-818-819-820-821-822-823-824-825-826-827-828-829-830-831-832-833-834-835-836-837-838-839-840-841-842-843-844-845-846-847-848-849-850-851-852-853-854-855-856-857-858-859-860-861-862-863-864-865-866-867-868-869-870-871-872-873-874-875-876-877-878-879-880-881-882-883-884-885-886-887-888-889-890-891-892-893-894-895-896-897-898-899-900-901-902-903-904-905-906-907-908-909-910-911-912-913-914-915-916-917-918-919-920-921-922-923-924-925-926-927-928-929-930-931-932-933-934-935-936-937-938-939-940-941-942-943-944-945-946-947-948-949-950-951-952-953-954-955-956-957-958-959-960-961-962-963-964-965-966-967-968-969-970-971-972-973-974-975-976-977-978-979-980-981-982-983-984-985-986-987-988-989-990-991-992-993-994-995-996-997-998-999-1000

I have published writing, images and videos on  
these issues. F.B: Barrett S Joseph YouTube: SJ

CREATED 7/1/2015 CWH 0291

(12/25) 8:15 pm - after all these reviews of thoughts and a gross display  
of Bicca I don't want to write, and w/ my experience of "hippies"  
like this or anyone I met. I would like to join the military  
if they decide to not imprison me and use my skills &  
desire for something greater. Waking up to my hatred -  
amidst my own conscientious understanding (a model  
and map) and its potential / likely abuse by man-be-  
lievers & demons / false friends & heathens. This  
was actually the "best" place to wake up - in a cell  
by myself. w/ no real family (only fraud friends -  
self-centered atheists) never baptized of their own choice  
and inspired by L Ron Hubbard biography. The milita-  
ry is my best bet, and I feel worthy of respect by  
the chain of command for my own experiences &  
discoveries. Still I want to draft a culture of peace  
but so long as we have corrupt leaders in any  
family / village / city / nation, we will need the state  
just meeting and hearing individuals so uncon-  
scious - my own "friends & partners" and criminals and  
"professionals" now I have become a colonizer w/  
my own understanding & forgiveness but if not  
incorporated, an obligation to protect the most  
vulnerable remains. 9pm - LET MY MISTAKES / EXPERIENCES /  
DISCOVERIES - so that you don't have to, from the first tab of  
LSD & breaking up w/ my best friend that same day to becoming  
Captain America. Eventually travelling back to be w/ my love  
but not before the mission is complete - for I would have  
never opened my eyes so well and fought for this world  
had I not seen new timelines / worlds / perspectives but  
my Donnie Darko who understands, losing your best  
friend is the end of the world - not only that but we  
are so feebly prepared for any disaster (to the best of  
my knowledge (absent of military secrets) & the reason  
that traumatic <sup>experiences</sup> / family complexes leave a void where  
the conscience should be. And feel no obligation what so-  
ever to tell the truth (or to know truth exists)  
so chaos magic exists for the sad & traumatized  
who may never trust or learn truth w/ an unconditional  
love. I have no problem w/ all  
conscience where  
I can't keep a secret  
I feel I really come  
out of my shell 12/25/12

How many have fallen back to this "JULY" system, from the homeless to the <sup>poor</sup> to the church to the <sup>rich</sup> - human wonder who the REAL LIE IS...

I pledge Allegiance... The Constitution - The Commandments

Beliefs over Needs / Conscience / Reason & Impartiality. I am

the Anti-Thesis to your psychosexual worldview - I stand for

the same goal - but "inside the system" FOR US - THE REAL PROBLEMS

are not those of the majority but of the few. Due to this ACCIDENT CAR CRASH I LOST EVERYTHING.

JOB, SCHOOL, HOME, WIFE, DAUGHTER, WHOLE FAMILY - and

the only thing that kept me going was a <sup>five day work week</sup> GREATER

It's not that bad Chris would say, of living w/ Heepes - I 139  
to differ. Still I need proof, but feel like I have already  
witnessed enough. And if it is true, I hate Chris & Breca for  
Liam's sake, but will train him and others how to use  
breath and diet to lessen this curse of Dishonesty  
from friends. Given the opportunity, none of this over all  
we drive - pushed by the slightest yet so annoying tingling  
sensation. Yet now I have reduced my likely sex-phobia  
for (or increased it? depending on how or who I  
interact w/) sympathy for Papa Bear, Kirk who woke up  
w/ AIDS. Knowing w/out telling a friend before hand  
that is evil to me. Still, I must remember I used a test  
and was going to get one w/ Jenna Rose until I decided  
fuck it - because it's permanent and knowing that early  
has not in God's plan. What "friends"... Thomas Sedona.  
\*Back to voluntary & explicit informed consent - Death  
w/ Dignity applies in more ways than "intentional" or  
"conscious" suicide, which contradicts the very word  
conscious. I do not find suicide to be dignified in  
anyway - except I guess the case of Jesus. But he  
did not choose it himself. I have taken Death w/  
Dignity multiple steps forward: 1) "guilty/felon/sinner"  
forced to plead against my own conscience 2) living  
your whole life neglecting the Greater picture and  
suffering of others at your combined/collective  
influence. 3) not knowing the Truth that does exist  
- 5pm Unsure if I took fiber or a new medication - guess I will  
see by its effects. ~ 7pm [To William] There are bigger issues at  
hand! Instead of uncovering and resolving Poverty & Disease  
you have found a way to profit off of it! (The Rools of)  
Will you be surprised if I tell you WE will all profit  
off of applying our Academic Discoveries which perbade  
the schools and higher institutions but evade the  
very system we call "justice"? It is the year 2022,  
let me remind you, not the 1700s - so why are we  
still on a Witch Hunt for Evil? Because a hidden  
few out of the whole make an easy Buck? The Witch  
hunt persecutes the impoverished individual - But  
we know Holistic Systems (BioPsychoSocio-Spiritual) 140

and collective conditions retain more power than any individual could be conceived of except the few blindly running the world, our government and the media. Where not our conscience gone? Our reason? That is what our science wants w/ science! Yet our "justice" system continues to run on beliefs insulting to the holy Gospels message to be which "not happen" to interfere w/ the Discoveries of Science (B. Ruch Socio-Spiritual Heart Math! Not only this, but worse, the very institutions that profit from Christ's message are the very ones profiting and perpetuating poverty, when they have the very tools and almost unparalleled to end it! I myself have done the calculations, not groups sitting working to resolve and speak out against these corruptions. But interestingly enough our government is an expert at distorting and destroying any social movement, change to reclaim a wrong and coherent civil rights movement... all I can say is I am for all the people and I see a way forward but that is just one way and I doubt us all to agree on and work together using the tools we were taught in school - to find the Most True Way Forward, w/ out unnecessary conflict, disorder or chaos. And that requires a real transparent / open source, community oriented and participatory circuit court for the people, by the people and for the people. Need of our local teachers and professionals of every field - for their student and peer it @ the hands of every student and peer review. The backbone of science, of a collective can piece are these collective truths we hold so dear to our hearts! [End]

[Editorial] The Problem is it is an talking to the 15.  
collective (unconscious), to be conscious, wants to  
respond, and for that - one has to be able to listen,  
but without any trust or a real education or  
interest in the well-being of your whole earth  
family - these words are little to personally  
spread. Let me remind you, I am not talking  
to any individual (except the priest who is  
willing to die for the collective. It is the collective  
talking to the collective. It is the collective  
it needs for unknown, and understanding  
repetition of / continuing all the words, times  
known to man, for every single last and  
statute, including the oldest to the most  
modern, (we are commanded here) we are  
guilty of breaking every single one. When  
we claim to be religious (family, etc) might  
claim otherwise, but it can only see the un-  
contacted tribes of indigenous living, mainly  
and w/ Mother Nature as being an extension  
or still pure from our defiled existence.  
And because there are levels of consciousness,  
a response is just the first medium definition  
a reflex can happen w/ out any real listening  
or thinking. And I fear the computer / digital  
distortion is and will be for it to be to  
many will simply refuse to believe it to  
save their own - false identity or inability  
to know what or how they can do anything  
about it. Well, the fortunate thing I do  
want to remind you is that it is not a matter  
of belief. This is the truth (there is no  
such thing as a true belief: that is knowledge)  
must understand this science of the heart,  
of the truth of love - so become a disciple  
of Christ and science - Plead for the Poor  
and the Needy!

and also about back of security. I will call  
them to live or move to the most. I'm also not  
staying in the state. It was estimated or I  
can get out of the state. I'm not  
reprimanded by this official. I will  
write to the police. I will live to the  
sheet! I'm going to help up please someone. I  
everyone believe, no one believes that's all!  
What's that? I'm. We need someone to  
the state. I'm not. I'm not. I'm not.  
we need to be sure that in the state. I'm

whom it may concern,  
my name is Spencer Joseph Barrett, I am a 28-year-old artist and activist from Seaside, Oregon (please view my YouTube Channel SJ Barrett and Archive.org account: SJB177)

I am currently being held in Lane County Jail and have seen victim and witness to numerous human rights violations. My constitutional right to a speedy trial has been waived without my consent in attempt to extend/prolong my imprisonment and extort/force a plea from me (see Eugene weekly article titled: plea mill). I have filed multiple grievances on the deplorable conditions of County Jail <sup>and am in an effort to</sup> ~~no further~~ my public attorney is so busy w/ clients I have only visited w/ her and spoken on the phone w/ her twice during my 80-days here. Despite continual requests to go to trial and numerous other concerns and questions (I have left almost 100 voicemails w/ no response). I need a 3rd party watchdog or any resources you can offer (legal assistance, contact information, Legal Hotline phone #s) because I have effectively been cut off from all forms of communication, research and discovery. Limiting inhibiting my right to informed & voluntary explicit consent. This is not just about me, for I fear many have experienced this same predicament. I beg for a system based on verifiable Science (psychology, biology, sociology) because the current structure of neglect, abandonment and vengeance based punishment obviously does not create better, <sup>citizens</sup> but better criminals. (Please view my references/citations on the bottom page of my drafted thesis/magazine titled "conscious culture" on the above mentioned Archive.org account.)

I was defamed in 2017 but have the <sup>facts to</sup> ~~proof~~ and prove my case <sup>and have</sup> (police reports, court transcripts and more) and <sup>to</sup> ~~have~~ Habeas Corpus as well as evidence of medical and legal malpractice.

Dear Chief of Justice Walters, (1.8.1972 correspondence) 1972  
 As the first female justice I am positive you know first

 sexism still runs rampant (along w/ Racial Hierarchy, and

## Damaging Deficient Beliefs:

- Science is Satanic... <sup>How to use truth to</sup> <sup>bring out ~~and~~ conscience</sup> <sup>dispel. What is truth</sup>
- Using the Bible to contradict 10 <sup>some men</sup> commandments or Love... <sup>Angry men</sup>
- Human Nature (may fall short of perfect to the highest self/ideal (Christ) but not permanently / always sinful (involuntary man))
- Following the definition - there is the world that we live in except THE CHURCH

[revised math] I LOVE YOU PRAISE / CHANT

I love you

30 years = 8 billion seconds... so if you said it 30

in a second that's 10 straight years of chanting

so if you live to be 70 and spend  $\frac{1}{7}$  of your day

$\frac{24}{7}$  or 3.5 hrs a day every day your whole life or

7 hrs a day half your 70 year life then you can

say I love you 8 billion times (if you say it 30

in seconds)

$60 \text{ (sec/min)} \times 60 \text{ (min/hr)} = 3600 \text{ (sec/hr)} \times 24 = 79,200 \text{ (sec/day)}$

$\sim 80\% \text{ (sec/day)}^*$  rounded up: 8,000,000,000 (approx ppl on earth)

$\div 80,000 = 10,000 \text{ days} \sim \text{approx.} \sim 30 \text{ years} = 8 \text{ billion}$

seconds

same relief/medication as you, Lexapro, anti anxiety

...and I can let go of this need to control - total faith in God's Will, let the story unfold. And save my heart from the pains of judgment. For every action there is a reaction, dust willon to dust. Still I cry that an innocent is led blindly to an Over. Plagued and weary, took my own horn. I'll better stop entertaining this "Goon worn and torn". Like the veil of the temple just before the holy ghost left. The greatest of all, yet - even "he wept". And fell for her, as should you. He was perfect, the only, of but a few who came close to goodness, or the idea of such, the goal is not condemnation, but liberating all of us. From the manufactured and unnecessarily prolonged Poverty. Everytime another thought comes remember that is not me. Focus on Wisdom, in Solomon's tale, she has the most beautiful fall. Back to Proverbs or Ecclesiastes, for truth it is true - and understand, there is Nothing New under the Sun... Be grateful someone touched you at all, by God's if not by Spirit. For some fear could go without either, and never hear it. The Song of Love - or the Song of God who gave his only Son... But what of his only (or many) Daughters? Son of, Sons & Daughter of Waters. ~450pm - feeling very (Holy) scared to talk to (blessed) mental health assistant, I thought she would take everything away from me. filled out a form, I hope they don't make the excuse I'm suicidal - I'm more afraid to lose my writings than my shine. else. ~530pm - "suspicious" I said to a Buff red scab, long hard stand pushups in the outdoor room - not for this but this ultra knot foot tattoo in the shape of a triangle (same foot as me, same approx size) he laughed it off and somehow knew a bunch of names. asked if I knew Seth - going upstate for 3 months (lived in Bly Ath too). also had upside down pentagram in between shoulder blades. Don't who to trust after my legal assistant said I don't have bail or need for monitor (not a flight risk) - even though judge said 50k & ankle monitor - legal assistant said he just needed to find me a couch... (8/14/10)

(8/17) its weird (or expected?) to get so manic like I  
did after talking w/ Murdoch (L.A. legal ass.) because  
he seemed very interested in me, taking notes on  
so much and even excited to hear about the artists  
I saw at Burning Man (telling me it was an old  
son of Chemical Brothers - an apparent band. took  
thing I'm in jail or would care about such a  
thing. Mom still not answering phone - so hopefully  
on family assisting w/ my escape? or better put  
exodus 1st - freedom! Was afraid most such a  
lexapro would do against or silence my spirit. What a  
joke! I'm a psychonaut! And how did Marguerite or Tobias  
help me w/ my purpose - my message! Against the  
Churches and for the poor! I do not want to forget  
my purpose - the truth - my work for the Lord of  
Heads - Creator, w/ the help of the truth's mirror so  
will be disclosed in the most prevalent text on Earth  
The Holy Bible and the New Testament of Jesus  
Christ - God is Love. Many thoughts - songs of Anar  
chy, I am a surviving child - still blind to Betrayal  
meek in himself, both Charles T. Williams - a mess-  
anger between worlds! Beloved by my Father in  
Heaven. and then after the High come the low.  
(so I have no free will? does God? did I do any of  
this on my own?) The low were resolved w/ my  
argument against Beel, my Papa, witcher of this  
realm. After Solomon gave me some much needed advice  
combined w/ Jesus on forgiveness - The Ultimate!  
(song of Solomon has more 'love' than the new testament!?)  
(still need to confirm) although the New is better @ making  
love less contradictory)... How to re/de-condition <sup>the</sup> each  
time a negative thought/spirit invades such as 'adul-  
tery' or 'infidelity' or any condemnation I replace it  
w/ 'wisdom/forgiveness/poverty/love' and soon  
you will have a new reaction/response/program/  
thoughts/spirit. This can be done w/ any thought  
so long as you know the potential to be true  
and have already succeeded in doing one right - replacing  
the Devil's wisdom w/ the twinkling STD I was given  
in a good occasion because I am not my hole (my

210) you'd literally blame my father for everything. I learn 8.  
from Jesus, on the cross I entered why have you forsaken  
me? I have cried @ his departure and now he ~~will~~ enjoy  
these games like a typical Mormon using vulgarity &  
sex to grab attention better than Pop Culture. Whole Babylon  
USA, Jesus can do 2 better! for it's funny for him too  
to make fun of your suffering (even if you aren't  
conscious of it, & your breath). Ps. Not only do I  
like people's cars if they aren't listening. But the best  
place to preach is in a public restroom. And if an  
officer lies to me, don't I have the right to return  
the favor? Ps I'm not anti-government (what  
a horrible summary) - I'm anti-slavery... Haha -  
going to medical school to learn abnormal psychology?  
People would rather conspire/diagnose/punish me - in  
a box than trust me as their friend... well, they  
have the will to power (and trust issues of their  
own [sounding from Ashland Howell]). But maybe they  
are interested in considering Jing more than  
freedom / fraud psychos sex. The Game - after  
insulting the richest people on earth (Bill Gates  
and Elon Musk) could easily test me w/ a variety  
of actors / events and more. Like Trump - for  
"base" or crisis actors, sent in to test. Based on  
the movie of the Bush coup thrown about w/ out  
his knowledge until finally out a window onto  
a big cushion mat celebration party. I have  
~850am - been experiencing much panic today and  
thoughts of never getting out are really "fucking"  
w/ me. There's a wound in my heart! The ache  
has returned but it's not sharp or short lasting  
it's less sharp and "moving" (3 types of heart pain -  
those 2 and a heavier duller, longer lasting ache)  
happy to see a runner for a split second out my tiny  
window near the train tracks. Thought of Tyler  
Bushnell then how I cried about Pufontaine. Sure  
he thought he was the best at least said it, and his  
belief made him close to the best. Track Town USA.  
HAIRS STAND ON MY ARMS BACK & NECK.

My mom & I think the writing throws my breath in  
to a frenzy - from [fearful],  
I find it hard to recover  
and retain a sense that has  
to hurt my heart again.

human, but they love Noah (an alien) & wanted to understand his  
transcendental love, despite their unconscious following nature and he, like

- why not recognize it as sadness? Because the guilt rage  
is infectious, it stabs my heart. Haven't we all lost  
something? What worse than losing your child? Your  
whole family? Well, I can relate. But I do not want  
to embody hate, because that is your heart you  
castrate, and others as well. We can all listen to  
your pain, while we burn in hell - but I'd rather  
turn this curse into a spell. As I twirl in  
confusion, a whirling musician. For a moment a  
deadly panic, a tsunami wave hits with great  
honor such a force, such a power - to turn  
every millisecond into an hour of claustrophobic  
suffocation, it's like being trapped in a  
box, (oh wait I literally am locked in a cell)  
but it's a coffin, w/ no sun or fresh air  
or water running by 6 feet under, w/ the land  
I stumble, hoping and praying this will come  
to an end. That I might come to life/light  
once again. <sup>RESURRECTION</sup> ~~Here~~ hard and more hollow, to not

share. w/ a grateful disposition to not push  
away but always listen to even the worst they  
have to say - how could that benefit me? I'd  
rather just pray - than feel your pain and your  
loss, but maybe that's what I need to never  
forget or ever let this happen again. A constant  
pain, a rock in my chest, to weigh/lay me down  
to rest on this place you call home. Grounded  
to mother earth, I am grateful to roam - w/  
a sturdy direction and unwavering conviction  
so... that no-one, no-thing can ever make me  
forget. This center of being. A new way of seeing -  
a pain so strong it will sing you a song. I'm  
sorry Becca, my family - everyone - please forgive  
me so that I might also forgive.

(8/21) ~ 845 pm - just discovered that my phone is apparently not in my backpack (not surprised - corrupt cops - lots of sentimental things - But guess what? I've lost worse - like my Daughter. So why should I give a fuck about my phone. The time spent w/ Becca was publicly fake as fuck anyways. Private investigator? DA (corrupt?) corrupt cops? think I can't remember? Children playing w/ peoples lives - justice system, holy shit. It's a public health crisis and they want to pretend like these crazy criminals chose this. What the fuck (the) 5:20am - that neighbor literally mumbled and screamed all night, after banging on door and saying please stop he just keeps going. And I'm in the ash hole for getting pissed because we ~~keep~~ obviously is severely fucked up in truck and and the guards don't care at all. he is in the all night next to me (to my left) (EAX-N-W) they said at least one guard lied and said they wouldn't let him continue that was getting on my nerves after he wld during our break room sits like when you get mad @ a baby for crying but it's worse because I can't hold or kiss or pick up this baby now. Why would we ever get mad @ a baby for crying. I had stronger feelings than this. I never remember being - cries making me this upset, maybe another family member child or one in a space/public it's because NO one should be sitting around while a baby is crying. Literal torturing with all plays. ~ 6:15am - discovered I cannot have my brother 1 Jun 2) Talking does not mean I hate, that is how they released us, I'm sorry I love you after one my brother. These guards are not. 6:30am I guess I should add that last night after a guard asked if I would hurt myself under cover why I didn't trust him and the other guards left and he apologized for not getting my cell phone that were sending on this according to old records/request answered which I do have.

I am so grateful the guards responded to my yelling - my independence was returned and I'm just sitting relaxing / stretching in my cell to happy. God bless (by way of some house call) "I have a plan" (my Sunday comes above my sinker stuck w/ my vegetarian diet notified in live place at which a meal would be. (also) become very building - ping medium hand + motorcycle + building of Stephen's - you can need a lot more than I thought - but I'm not a doctor and I don't know how to fix it. (also) 6:50am - The last noise maker to remain is definitely the mildest of all. "Whistle" is a nice thing to get the garden feeling morning and spend the rest of day noises that actually sound more like any of lady evening from being tricked by those. These noises are not large than to second and happen every morning but sadly make me think because of the shouting yet powerful sound of them and the other heard them before. Talking to other cell mates, apparently none of their noise makers (4/5/7) coming the first 31 met heard during my Covid quarantine (8/11-12 in L.A.M.-G)) were like this when they arrived likely developing it as an effect of solitary confinement [SCIENCE] effect of isolation on hearing rate (increased) sleep quality & emotional intelligence (empathy & communication & sensory perception). Brian didn't take (short) - (my left hand, is feeling very strange despite being more than 3 weeks since officer down smashed it upon my arrival in Jackson County - left thumb, left wrist area, pinky & ring finger acting up) ||| 7am - sent med kite about left hand pain - officer Clark & stolen phone (Need to remember I have pain in neck and back w/ Dr's disbelief, my father doubted my broken fingers on this side and did nothing for my broken collar bone - while I as a child, him in his 50's got collar bone surgery...) And apparently always nervous their disbelief is something to fear) - And apparently Tarzan is in the Pod next to N, another noisemaker but not lasting only usually once in later morning (lights on @ 5:00pm @ 11 even though we have almost no way to do in cells / should go "off" @ 7:30pm & on @ 7:30am (another "demon" light is always on). 7:15am - sent 2 kites just to make sure. Now maybe Lane County will make Jackson and Officer Clark & know about stolen phone - added lanyard evidence, attached belt loop. Don't care if they don't believe the Truth - 10am - Discovered my mom's phone is changed or does not go through (William Aaron McMurry's girl tried) Siri asking got his girl to FB message my sister Nicole, so there is hope still no response from Lawyer. Mr. Megan Banta, maybe Siri will pay \$750 he added her.

Recent Combe Nightmares makes me tear

is how the Nazis invaded the dreamland? Nazi comics

I don't really know, I am probably indulging myself or being  
induced into a psychosis I think I can handle it. I'm  
just curious about it all. The general notion is everything  
I thought many demons were restless & traumatized  
children/adults who were could sleep and now I'm being  
indoctrinated into this dream time state to bring  
some form of order to it. The real medium is in fact  
the sleepless for reality begins to all about different.  
and I wonder if he will know about saying  
since I've seen these things I have seen a lot  
better. because as far as I can tell, William S. Burroughs  
told me he had a horrible dream of a black wolf  
coming after him & his brother, (my love 2nd night) tonight  
he keeps going to his cell early. This must  
all be an experiment into sleeplessness. I hope they

was literally trying to eat my face (and it actually hurt she  
was confused to eating vulture & eagle and I suspect she's  
a part of a darker cult and even ate her daughter in wedding  
to Mullack) I pushed her away and saw papers my father  
condemning voice persecuting, I left all the black black down  
only to find in the garage my mom celebrating her new vehicle  
and 2 of Chris' vehicles (I was upset w/ my own (too late now)  
I must've thought) Chris was angry in his father and I  
now realize these 3 are responsible for all claims of me  
being "Satan" (Chris a father since 2nd night) well  
that's when he came out of the closet) then since I'm not  
seeing and hearing of her dead among others. The studio filled  
w/ bodies dead people vulture very inflamed only I'm not  
respected by Mother Nature & my father, an unconscious  
comprehensive line since she knows how long) then three

... and ...

— This is probably the safest place for me and the real reason I'm here. Remembering from within Park, the same guy who saluted the Nazis - spoke of his own solitary confinement - the Guy is here "pointing to head" finally became real. And Gutsy is telling me a Jew with "combined w/ The Gospel of Despair" "good and my own pie to share" I'm a fucking Holocaust survivor - now is it always with a medium, that instead of externalizing "spirits" internalized them as my own "creation" thoughts & ideas (maybe we all do that?) then I may be in fact "possessed" by the Jew within. Gutsy / from floor, I laid on here breathing comfortably w/ the Hana as I tried to plan my next moves (Hana and Gutsy were gone by then) Because in a flesh eating zombie apocalypse - a safe cell is the safest place - until I decide to escape - but honestly fasting to death is probably one of the most painful ways to go. And if people who are more like animals, thinking maximally and Satanically identified me w/ Jesus or Satan or any high power would actually desire to eat my flesh and blood for my own "power" or ideas it would help them live longer. and maybe the flesh really have been living off of blood for hundreds of years and the story of Twilight really is real and I am Edward Cullen. The Good Vampire - still have sex and never will drink blood but maybe my family has and is apart of something darker (No Name / Bloody Mary) Tudor's stories talking in German blood. So being raised Christian while coming to terms w/ real history will make one paranoid of that Satanists want to sacrifice & eat me just as they did to him. "We'll all gonna look like this soon" - Guy placing "the good" T-shirt w/ a buffed blue guy surrounded covered in shit = PACE ESSIE'S LOAD - (channeled from cross word puzzle (see page 39.5) given by kind mental health lady wearing Frida shirt last night (2/24) (TODAY IS 2/25 THU) - TOP of page 35 - BEAMON COUNTY OWES ME A QMM.

AND NOW I'M IN 2AM-6AM What BEAT behavior my father in law taught my daughter - & how long it will take to undo in recent past - adaptive traits he taught her. A horse - being sexually objectified. Gary.

It's not an opinion it's a fact, sir. But the computer area

So you found prayer going out from an attractive Latino who  
initially tried to befriended me by taking interest in the book  
I had, first "Born a Crime" then one Marka Page Tucker  
"Set free" - he has beautiful tattoos (wonder if they're real)

I was surprised and upset, but I gave the Latino the book when I wrote that and wonder if his thoughts affected my own prayer. There is another Latino I was very grateful to share my company & love Jesus and faith of love - arguing w/ Mr. Snake Pitt (the bible says to hate sinners!) anyway the 2nd older Latino has a third eye wound gash from fall off or onto the horn of a bull (perfect location high center) and I told Mr. Snake Pitt to get a reaction because he hated himself if he hates sinners & need to be saved.

9:35pm (2/15) the officers are actually responding when some  
one bangs on the door now. Maybe I have made an impact  
Impact I wonder how long it'll last. I think I should  
ask for a public defender who has been capitalized. Imp-  
lack of response is suspiciously inhumane. 11:10pm -  
I have to say - the twi-fi experiment was a success -  
my 3rd manual poop was actually kinda psychodis-  
Romantic (I realize the Psych didn't really back me  
up by not listening at all to what I was saying and  
then shamed me by forcing me to leave w/out any  
interest in me as a real person. and even though  
gratefully so - no longer interested in re-stimulating -  
to feel my way (I did actually very pissed @ my

being retentive? I suffered weak and shallow  
breaths, and could not gain control of attention  
to read at all. watching my thoughts go from one

the grace of god - I remembered - Okay well if it

does live in the Bowels... And funny enough  
I realized I am actually one of the few who  
actually does care about child slavery & maybe  
by their guilt all of America will back up  
and feel like Real shit for never caring and for  
silencing and entrapping one who did. All the  
dreams of small nightmares - whose to say it...  
Maybe the funniest part about this whole real-  
ization is It didn't come until I got poop on  
my finger (very thick & sticky) and almost got  
crossed out w/ myself until I said "WHO CARES"  
As my shit! I should be proud of it! not the  
first time I've touched it, and it's mine! why am  
I ever ashamed out w/ it, maybe I should inspect  
it. But the WHO CARES immediately reminded  
me of the farmer I created - the real farmer does  
no one care about child slavery? "... my middle  
finger still smells bad after much washing and I  
think my poop culture is in my car now. Maybe-

said yesterday (as he talked me through my reactive rage  
against my snake pos) someone told him it should use his  
last name as rap name he said how how - I said 'The stars  
and the stories, forget about your worries. Because on  
the stars are the stories.' No flakes flake, still  
amidst the fleecies. (magnificent shining night  
lights watching over our darkest misper. Stand Strong  
you belong in a grand universal/cosmic zone, someone  
loves you though you doubt, trust me when I say  
ever doubt do not. 11:20am - experiencing a lot of  
panic/claustrophobic feelings today, worked out good this  
morning, wheezing - think my lungs are distressed from this  
air quality down here in the mids. I'll mark it as smoking  
or wheezed like that ever. Stuffy nose and all the potential  
headache / fussiness w/ changed sexy cars. The Hunter Street  
2:0 - 6:00pm - sitting here, crying @ some passages from 'Chicken Soup  
for the Soul' stories of faith. Had trouble concentrating on the  
'Sparrow' - beginning to think it is too slowly long of a novel  
for me. Worriedly about I think its writer but well, I anyway  
point being, reading the Bible got my hands moving (hehe  
goes 'nuffa Experiment 2.0' Remember - THE BIBLE IS NOT HISTORY  
w/ OUT LOVE (1 Corinthians 13) (Matt 11:6). Seriously though  
reading Proverbs - looking for passages on the Poor and our  
obligation to assist and remediate manufactured Poverty.  
8:15pm - as I read out loud to maintain my own inner voice/parity  
amidst loud neighbors - I realise I must also to be a cane for  
those cursed w/ submissive like Carol retention and in order  
to claim your own bodily autonomy you have to speak  
out! and that by being silenced another has repressed all  
ability to feel ourselves safely - always looking for  
permission. So like chanting / shouting, loud or const-  
ant outbreath and expulsion of CO2 and emotional baggage  
clinging onto your empathic / sensitive body from the surround-  
ing - traumatised & desensitized environment (feeling of  
people)

# WHY DOES NO ONE CARE ABOUT CHILD SLAVERY? 48

(the real Q meditation) everything else is BS. People pretend  
ing to care about something objectively not as important  
as the fact that slavery is real exists and the solu-  
tions are right in front of us: Self sufficiency - Eco  
friendly - Natural and Manmade disaster prepared!  
"Cascadia Now!" "Culture of Peace!" "Science of Silence!"

12:00am - so I got to meet Amy Hall to face kinda worried bout  
giving me my lock code to phone... Oh well, sometimes  
some people don't even get a choice - kinda like being forced  
onto medication you don't really need (change environment  
not individual, short-term chems) so I'm contemplating  
taking the med w/ out full knowledge (they disapproved  
- I'm aware for worse - long term effects (read another  
site)). Also met w/ Nurse today for "leaky drops" & "salty drops" & "blue  
drops". She found the wax in my ear - "An Apple a day keeps the  
doctor away!" ((AKA Apple - Fiber - Spit daily!!!)) We had apples for

lunch, first time since I've been here Happy as a vege-  
tarian to get something "Real!" (prob GMO but atleast it "seems"  
fresh! and was green!) 12:30pm - Successful poop! The water experiment  
fresh! and was green! (2/30)

V3 is a success (1 manual evac 2. Holy bible V2. Apple a day!) (2/30)

Saturn/Santa's workshop (3rd eye Proj) 4:35pm - Spit site  
requesting to no longer have Libilify or Lexapro prescribed  
for symptoms/pains experienced and fear of Toxicity Dye

kinesia (see page 49 (small brown paper)) for future reference.

5:35pm - feeling really positive after dinner - some mild jokes,

songs, whistle, beat box, realizing people aren't free to speak

and to speak them when someone is. 7:40pm - the old

Nurse passed off a sad emotion to me, I was excited to support

until she came around to give me fiber, tylenol, saline & ear

drops. I sensed her (or projected my father onto her) judging

me as crazy for poking my dad. Also, it made me sad to

think I should silence my elated/happy "open air" outburst

& which I brought lifted up the whole jail. Mostly

because they would try to use that as an excuse

that I'm crazy. I almost popped during that out-

burst - but I think as I over-thought "you

got any good looks" to mean I should stop talk-  
ing which may be a good idea, but I can't let these  
things get me down - although my heart has been race-

ing since after dinner and I'm

19/4) ~ 6pm - it feels like the dream is really dying  
9pm - open mic success, explaining 'lawyers worse than' - as  
collectors. Authoritarian police state not the flag & pledged  
allegiance to 'communist' etc already wrote this, then explained  
(not in this order) NewSpeak concept and truths easily apparent  
provable, by these very definition. Rats & the police state. Now  
I'm calling everyone 'Baby Bird' - #7 (was Snake first) lost  
the middle of 'Hello' to me when I followed my own  
joking/passive aggressive advice 'just close your eyes and  
Scream' / cry. I'm gonna turn into a Scumbie bee and fly  
away. Let's start a choir! Trauma bonding! Oh wait (back to Rats)  
switches & police state conditioning distrust & silence. I cried like  
a baby and the bad parents just yelled @ me to shut up.  
Earlier 'Snakes' weed all day everyday - getting a witch - could  
be w/ anyone snitch that much surely how you did it - I said  
I could overlook anything when I'm tired but and swallowing  
Swan mystery & sexism all across the board, guys are sexist  
straight people are sexist etc! Let's start a choir can you imagine  
like a Squier pulsating high in the air TipToe TipToe oh no, there  
he goes. Is he there yet, is he there yet? Spat! hope. Everything  
seems brighter & more colorful again like the day I sent  
the message to the chaplain. Bumble bee Mormon Catch 22 -  
they spread to forgive & believe - but I only made a joke what  
the hell I'm a pretty modest/president guy. I want them on  
a spiritual group had an obligation to read what I had  
to say and to protect / provide provisions more reasonably  
for humbler me. Also a catch as cause I use three language  
and in their 'clown' mascot which they refuse to report &  
give credit to. (9/15) 7:25am - Shantel in my undies, I awoke  
all bubbly & naive did that during a fast day 2 has begun  
right someone let them know I shanted and need new undies -  
left them outside. 145pm - mental health sergeant / Deputy  
came to talk - said in his 24 years they've never killed anyone  
one (I re: not that you would admit) - Asked about / clarifying  
clearly what I need (note to remove from PC status) I re:  
DRS was more confusing terminology than me - but will  
work on it (NewNewSpeak - simple, efficient, timely for an  
act of reduced attention spans) also in re: to 'never killed' -  
ethically out from lack of response - such as Saturday Night  
standing. Goodbye & adios about last name.

(1/6) Sam - the mental health rep who came yesterday used <sup>7.2</sup> the word "I don't mean to ~~condemn~~ you" after explaining the difference between these guards, called "deputies" & typical prison guards. After ~~messing~~ <sup>messing</sup> up I had recently used the word in opposition to negative thoughts of me writing "beloved" and "unjudged". have something more real than that false <sup>76</sup>

2-22, 20, of teeth that come alive. "I'll fuck your dick

was a joke (yesterday and today) and now after he was  
bawling on his cell disturbing us all today Mental  
health came up so much compassion it pined me off -  
we just wanted him moved - get Soli, do you know you're  
in jail? ... Can we get you on some meds? While  
he's screaming and then another man comes in recording  
audio trying to get his consent ... and I recorded  
all your inappropriate responses ... I'm just pissed thinking about my Uncle's shitty

at that level of retaliation. I can't believe this

team up w/ the bald guard last night to blam

who were in here saying whose got a lighter? I got  
lots of used \$100! and then like 30 min later  
screaming and screaming - you're gonna be in hell!  
and the same bald guard is on duty tonight - he  
made joking/loving motions - I see you gotta go check

(9/7) Drumming and screams in the night - entertaining except that as I sit reading the Book of Mormon & a loud song accompanies me writing these last lines - screams coming from

Municipal Court Judge

many different & the whole shit is being broadcasted  
11:30pm - trains were honking. Vomiting & other abom-  
inations & baw (9/8) The most disgusting man in the  
world (named Seth) woke everyone up! I'm gonna  
fuck you tonight; I'm a homosexual! I'm gay! I'll make you  
shit your cock up! In your man vagina and you can  
give birth to my baby! For some reason all seasons except fall  
are funny jokes.

9th) Judge again @ my Uncle and all psychosexual  
who neglect sexual spirituals and I must remember  
then to not be upset @ anyone who is jealous and  
steals 'my' work for their own eventual insanity for  
all things belong to God and I want to do  
nothing on my own but by/through God alone.  
So for 'my' academic obsession and work  
to be appropriated by the same family  
members who pray of Obedience & I believe said  
me as a child - to also save my own life  
work is not my own work/story but a collective  
wish to the Natives and unfortunate  
why God allows this colonialist white man  
nightmare to continue is beyond me but even  
so, I assume will go eventually past  
through their sins, or forget and literally  
conceive that they did it themselves and not  
another or God. Very poor faith at well, to pretend  
God or faith that we get anything at all will be  
fine. Still upset @ false family living words  
I am spiritual and must seek me within.  
Dreams last night seemed inconsequential  
and not worth noting - for if I only read  
them later, what's the point? Mrs Driskill  
was happy w/ me @ my mother's expense / laboriously  
and we had this plan to give everyone a  
vehicle was because peak oil was coming soon.  
She cheered me w/ a wine glass - family confused  
but coming closer in dreams. It takes time and  
education to understand these things  
don't break my heart. The Real White Man  
murder is atoning for their colonial/Germ later  
sent on earth & there

it also happens that the ego begins to take credit for God's work and if so - must be cast away - for if God works through me by his grace but I do not know extreme austerity and fear, but believe I am a god myself - why should he not take away the body which is corrupting. Sadly, many

only grow corrupt due to these worldly conditions continually imprinted on them - so to establish the kingdom before anyone gets to "full of himself" is the ultimate goal. 9/8 oh my god! what an amazing clergy member, Norris. 24  
his focus on love in his beginning and an attempt to  
convince him judgment over love. His bringing up Dan  
Bryant Vietnam story retelling video collabor-  
ation. So knowledgeable and versed in Hebrew! He  
even brought up the medicinal benefits of  
Magic Mushrooms. We spoke of the Sissies-  
and Bryant started a village dedicated to  
sober minded housing for homeless (after I  
brought up the solution to our imports and lack  
of self sufficiency or resiliency to disaster/  
moral dilemmas of slavery, discussed the  
logic behind undoing the psych warfare war on  
phenomenon. The lack of 10 commandments / love  
and a christian revival to call. "Jesus professed  
the criminals" he said. I forgot to mention a unique  
dream I'm still trying to understand my father came  
telling me he met George Orwell, a Senator / in government and  
that he was evil and I agreed he wrote "Nineteen Eighty Four" and  
other tales to stop not artist democracy. My parents  
also had a huge tree pole & American flag at the top.  
1030pm (9/8) - woke up from a dream where I was with an  
Asian girl who was a talent show/competition wing  
science teachers to create ~~fiction~~ designs for something  
I really liked her and she asked me and I asked  
her if a few others to create a rock band before  
I might have to go to jail - before I explained  
for what - she said we should call the Band "car-  
crash". She became my lover and then the guard  
knocked and gave me an ice pack. Also another  
dream, in a multi story house - a toilet connected  
vertically, someone / a woman on a higher story  
pooping above me got poop all over my seat (on  
the ground floor, her toilet on the second or third.  
when I offered / or simply went to clean it up -  
she did not take initiative but was upset that  
I just flicked it into the grass. (reminds me  
of a 4th grade drawing I did on a school desk  
of poop / burgers dropping on fellow classmates - -)  
I'm such an evil / constipated child! ;)

The Bible was written by men who could not sleep - and who lived a personal / emotional apocalyptic every day until sleep blessed them. What causes one to lose sleep? Most trust in those around you? Your tribe, your nation. Trauma and abuse will force one's vigilance. The clowny is that the jail causes my sleepless rest but also feels the safest place (if I can trust the guards) to experience distrust in the world. (ie flesh eating zombies probably can't break through a jail on 'bad' example, yet not completely irrational based on historical and current realizations. ie, the majority are more ruled by belief than fact/truth - desire for individual power and promises of eternal life may and have overwhelmed.) So the Bible is written and followed by the sleepless who, preparing for the end (a natural survival instinct gone wrong - dreamt one to prepare for the next day, a higher spirit manipulating your behavior behind conscious control to protect and preserve in a juggle of ways. The one advice I would give to the mass obsession w/ the apocalypse is just saying none will know when - (so the best way to live is in love by following the 10 commandments and reducing sin as much as possible) because I notice that is all we can do besides also basic Natural Disaster preparedness and self-sufficiency is a necessity for that. Let me note, the sleepless are especially attracted to all predictive / pattern / paranoia / distrust / nightmare fantasies which only cause more sleeplessness... feedback loop

and because the Bible contains so many contradictions, literally everyone can use it as a form of collective inspired confirmation bias (the id hides in the Super Ego more efficiently after "hacking" the collective Moral-like a cheat code for a child to somehow neglect the Basic 10 commandments / laws and rules) so even people who completely disagree w/ one another, attack and even kill each-other while using the same Text to quiet their built-in empathy / conscience / Humanity / love / sense-of-right-or-wrong. Male dum rebus, incipit esse TUUM and that is why it is so necessary to preach the word of Jesus on which hang the 10 commandments as a basic blueprint - and if that's not enough nothing is (1 cor 13) to bring people to their senses. ~ I am ~ 3 kites sent 1) thanking (9/1) and requesting more chaplain 2) education request psychology and law 3) law library request access, habeat corpus's (federal & state) and legal services contact information in regards to Civil Rights actions challenging current conditions. (1) The primary generalizable principle (principle) is that  
immediately after you are experiencing any of the following symptoms:  
(2) delirium, confusion, disorientation, or dizziness, all of which are symptoms  
of alcohol (and in this case, water) poisoning, you should go to a hospital  
or poison center. And another request for "immediate"  
correspondence (from a doctor, who is) pursuant to your  
23 of information manual, 1970, and 24-40, 1970-  
varied received attention to the law library, and that  
not receive any attention whatsoever. However, before before  
the federal will claim to be "established" law - and  
that's very much different, and in some cases, and  
then will have completed reading that law (MS Book)  
which will be a few important "statutes on collection  
of evidence" experiments, and the constitution. My third  
contribution and purpose is giving today and a brief  
very focused of my book up. (One of the purposes of  
writing it is to let it be known, it is on the back of your  
book at the University (Sellersville) that you have written  
not at 1970-78). And you it is a book, and (15-5-7, 1970-78)  
it will be for someone to follow along, and that there are more  
as one, it looked for some time, and I will be out of my  
mind. The primary purpose is to let people know about  
symptoms of various problems, let another student of my  
contribution, let me sleep. It is being written, and  
presented for the University, Sellersville, 1970-78, at which  
time of your 23) disorientation/dizziness/depulsion  
is now known from death (many cases) of people  
presented before the present light of death. And  
maybe my book will have a few more cases purified  
by the University - for meditation on my mind  
about Sellersville, which is very interesting, and  
which is still really do seem more motivated than  
anything and of death facility, respond from  
various departments (Medical, mental health and  
law) as well as various other interaction of  
departments. Still I will maintain my natural  
disposition, and I will maintain my focus on  
and exercise routine for it keeps my focus on  
the reality of things, and my keep it alone in  
my current position. Even to go in with other people

VAL - LIES EYES HYPNOTIZE. CC IS  
REAL NAMASTE - CULTURE OF PEACE  
TRUE QUALITY!!

1/13) 820pm - I got to use the new airbivy today - a touch screen computer in an empty room. interestingly enough, after my 30 minutes was up the Deputy very courteously gave me a receipt - like it had requested to the sheriff one bit to minimize the public effect, abuses, and potential for deputy corruption. / its just good accountability practice. I spent most the time teaching about the Administrative Procedures Act and necessity for an Agency to "Promulgation of Rules" by newspaper. Just as my "father figure" Mets home run champion told me about - I could not believe it - God blessed my memory! I wonder if I'll find a lawyer hallway enough to use it before we even begin. Wpm - Hearing the Chaplains warm responses is so incredibly nice, especially after not being able to talk w/ my family members - just to hear someone else love me. I met a beautiful Soul-Mate, Blomberg. Thank you so much. // Starting my Ministry w/ the youth from Don't Do Drugs" from 2011-2012... The thing was - I had a very important message to spread and which I had attempted to (IC) but failed miserably because I couldn't tell who my real friends were. And it we really trusted each other and loved each other that is such a more potent drug (literally bonding chemical, not psycho-sexual. Socio-spiritual High!) So I had while reading the Bible to "friends" in my prayer circle it was another my a punch to the face. The need for Solo Status allowed me to untangle my hair from these false associations who kept distracting me from what I knew to be the truth, and a message we should be spending our time on. (not the TV! - for the world is in a great calamity, tragedy and we can help! By speaking out for the poor and needy. The evil culture of war had to awaken by inner study and growth) to Real faithful association, not distracted by substance until my message is accomplished to with from the bit artist a new path. - time.

① You are approved for legal library.  
② Forms are attached. I will have them attached.  
③ The list is too big for me to give you all listed. That is too broad of a question. If you know a lawyer or law office, I can try to find that.

Revised 07/2013

I am unreasonably depressed @ the small portion of soul  
I received had to remember to always have something  
more to look forward to than football. But for what  
ever reason they have been very small past few days -  
first world problems - which one doesn't care. Sanyassi  
he says he still wants to live! Oh my inability to live  
up to my spiritual ideals. Earlier I sent a letter ask-  
ing to receive books on bhakti yoga and Sanyassi life  
with "renunciation" it made me cry after I sent it  
thinking it would have to but I wasn't already?  
I let go of everything for any of my "family" which has  
not been here for me at all... I also fantasized  
going to London being rescued by Conscious Planet  
brotherly love who understood I was being  
a medium of judgment for the whole world to  
accept the true pain I feel for the absence/loss  
of my daughter. However I must admit just  
before dinner I felt "bad" / ashamed for not  
wanting to read more bible today and finish  
my organizing of Verses in tandem w/ organizing  
how (ORS) - I think the wave of neglect from  
my legal ass. was just that strong - I'm  
shedding w/ her heart pain now, I see a heart girl  
in her like that of Bella's mom. To neglect my  
messages to such an extent... To just accept this  
is the real work. I wanted to confront her  
but it was an instant her slamming on the table  
in patronizing defiance when I talked about a new  
lawyer / legal act. And for whatever reason did  
not feel the will to leave another message which  
I feel an obligation to tomorrow concerning my being  
assaulted in P.C. and her lack of care. I felt - Oh  
having a hard time understanding how knocking can annoy me more  
than anything else? Knocking like a clock, something I haven't heard  
since the first week. It seems to make time go by slower - it  
feels me to rage, I work out and am still upset - I shall work  
out some more. Holding my breath seems to work better than exercise.

...the toilet was flushed for 15 min straight, and the toilet  
was as loud as sucking maracas. No one came  
during that whole time and I didn't think I'd shit in  
2 days - the noise of the toilet seemed a part out of me and  
reminded me of that. I started to go to my things up - but  
believe it ended after I checked the toilet - I'd shit and I'd  
once and once. (1210-1225pm) I did have a dream of Sagan  
pooping in the downstairs basement room... along w/ a dream  
of a dream of being trapped w/ a bear in a leaking  
submarine, attempting but failed radio comm. Also a  
dream w/ Michelle seducing me w/ her friend on top  
down in old room of parents house. Also applied for/given  
a weird water skiing board thing? Don't want time dream  
had one w/ Quika kissing me as we sat high on a deck above  
others, my dad on my left between Brock and me and  
was cuddling me on my right. Michelle bawdrey insulted  
me in another dream and had my laptop and social  
media access and then became my friend? Talk about  
these dreams of people I haven't been in years.  
but I wonder if I actually visited a drowning  
submarine crew, failed attempt to stop the leak.  
The first few were from last night, including Sagan  
refusing to clean up his shit in the room, on the  
toilet and in a bucket... I did also go in the bucket  
- the other dreams were of the past week. One  
of my brother looking through my backpack and  
other than that a few w/ my dad, no other friends  
though since last week. 235pm - Submitted last  
of the 3 grievances (no pencil sharpener) p113. Other  
grievance (p112 - Submitted at 1020am - about my bag assaulted,  
punched in face while in P.C. on 9/16). Submitted that case  
report @ 320pm see 2.3 & 5.4 covered off by multiple  
people and I'm not happy. I'm almost 100% sure we can get  
working, nothing looking. But it is known I wrote all those  
on the floor of my cell because I have no table.  
The Devil went down to Babylon and lost a fiddle  
battle is actually a song about me beating the  
devil @ his own game "Word slaying" / "Jah Jahger"  
(beating him @ Law and all his Satan speech longer  
children) // Claiming I was supposed to kill the father  
in the volatile method of assault... "immediately requires cooperation"

The interesting conversation of Milton in head. "ent" by 12/18  
for many centuries of mankind its war they will travel  
in reference to people doing pleasure in solitary punishment  
it followed up of indulgence "obedience to authority" in agree-  
ment, but wanted to note that the prescribers don't even  
read the warning labels or give that warning? And  
he calls himself a latter day saint, another testimony  
of Jesus Christ but defends his right to kill w/ passage  
for examples of the old testament, which I believe has  
been intentionally misinterpreted and which serves come  
to clarify "teach other things", "love and love thy  
neighbor". Only I saw the (possibly alcoholic caffeine)  
w/ my flaccid ideal self contentions of my own  
father in him a slight deceptive smile and look in  
his eyes like "you don't really see me". He did say  
he didn't have a problem w/ drinking - strange as  
a woman - for we both agreed it was only necessary  
say when you didn't feel accepted, and both hated  
conscience - which I told them have listened only  
waited for their turn to talk breath (which may  
have been true of him too) and his inability to  
hear what I was saying about other 2-3-4 and he  
was wiped out for in righteousness, he would just  
be another pedophile priest but I meant self-suffi-  
ciency and stopping intentional slave etc/ blindly  
suspecting human rights abuses, not condemning indivi-  
dual adults/sex but the collective ignorance and lack of  
disaster prep / group morality... Then shaved off my  
hair, kept the beard. The whole look over. I shaved  
the cheeks and some of the beard... Richard popped in 31  
days - w/ small itchy eye, grouchy / depressed. Also didn't exercise  
much when, just did I cut a few hair though, not quite motivated  
though when is shaved. 6000 - strange, it was said do not find my  
hair dead laying over my forehead - said @ losing my hair,  
how ridiculous, after losing so many more important things.  
"I am not my hair, no am I" said, but something/someone  
else w/ in me. Vanity on vanity, I did not foresee such

triviality. But obviously I am sad about much more  
deep down and this is trying to bring me closer. Maybe  
others are sad I put it out there it was others who  
decided my image into a sex object / plaything / mascot  
which they never truly respected or heard what I  
had to say. Oh the plight of a beautiful woman  
amongst animal mankind, all my life is not my body but  
my spirit which is divine. I hope it shines and  
appears in due time. I tried the night I wrote of  
writing this name to be done up. I longed for the rest  
of Maria said "say me I just want Maria". In the end  
don't we all, but will here to passionately answer our  
love and not just fall away into it. I was very comforted  
I dreamed of India and continue to know that Hin-  
dica has whipped me down of its excessive exposure  
and faithless / inconsistent / manipulative parties. I  
want to please people but it is only my will  
they feel no light that is not right. What is  
wrong? The comfort of a reduction or an alter-  
native drink - both dull your senses and rob  
you of life - will you then forsake the trusting  
spirit is abused or dies. I realized when people  
consider prophets or live lived to be (long-  
as an excuse for their super-attrition and  
brotherly love - that maybe the infant child  
did not trust the behavior of either parents  
but fell in love w/ THE TRUTH - the argument  
that wins out (often portrayed by the "ot" as  
opposed to the more irrational / emotional & )  
and though my own father has lost sight  
of it and the faith he raised me on or condition  
ed me to by the use of the Rod, maybe he never  
really knew or believed in Truth, but I had to  
to accept a father's reasons for treating upon  
his own child as such... But the plight of mine  
and a cultural rush gives the excuse for  
have lost to first-come power. // P.S. (for page 262)  
prison is not the place for ~~children~~ hair! Nor  
is any place for a man to seek those WHO REALLY  
care. 1030 pm - I am feeling an incredible amount of - one  
tonight. It is hard to explain, how or why or what, but I shall try

C.F. 145

The other day I expressed my interest in the fact that <sup>115</sup>you  
 need to work for itself (international slave force  
 labor issues and just simply brainwashing/beliefs)  
 He confessed he was a Trump supporter (but he thought  
 that to do the same thing) and he was a "Miserable"  
 Marxist who to his credit and was read the left  
 behind Soviet "institutional forces" - which I should  
 know he thought he was getting too transparent  
 and I asked him if he'd follow Trump (I thought)  
 to show his faith of the One World agreement;  
 where everyone gets their support of the world  
 I wanted to ask what he thought the thing  
 of Christ looked like... And now I realize  
 that was the biggest reason I can see for not  
 being here - to see through false followers BS  
 and appropriation of love... adding math 15-10\*  
 (17-25) 14/12-24/14:21 (24) - 13-10 (now my own number - 10)  
 more of the same old story, also posted - to be turned out  
 and the rest was living around like a horse at all day  
 then "nobody makes me bleed my own blood!" comedy w/ Owen  
 Wilson and Supermodel Hatzel and I think of these  
 time when ever some annoying sound penetrates my  
 focus like back knocking/kick tocking - but a new  
 guy who tries to say it low low Open no words  
 just so colorful meaning - the best is extraordinary  
 In here, sometimes it sounds like a little accomp-  
 nish him) and I'm "forced" to workout or at least  
 do enough sets that make my body feel comfort-  
 able again. Maybe all angel really is a projection  
 of bodily pain/real blood flow for conscious breath  
 I've finished my body bible verse compositions (I think  
 the most out) and now to prepare my letter to the  
 sovereign of all my BS and I want to refer to  
 and then another long of verse full that I'm...  
 part, much longer in, made in 1982 and I'm...

Scrubbed in the inside cover of this Shapard Bible 1177  
not received from the "Bible" (Ph) (Ph) Basically the med-  
icine God in Greek mythology is the house demonic  
god that religion wants us about. They are demonic  
and violent medicine. Today's medical symbol has a staff  
of Satan (a serpent) wrapped around it. Moses is the law  
and also has a serpent wrapped around his staff. Medicine  
and law are parts of the government which is Satan.  
2 Chronicles 9:13 of 10 pay your taxes to war much of the  
East. Noah Ark, Moses Ark and Revelations are the  
East killing unwanted populations. Killing people off who  
won't become enlightened stops them so they won't have  
children who reincarnate into hell. This is the belief of  
this book and government but not the other religions.  
Some religions care more than others. This book believes  
in population genocide because it doesn't understand  
the full enlightenment. Look up women in the glossary  
all religions are sexist against women. (1) Because all  
religions except Wicca are evil. (2) Yes, but this is the  
book of Moses and his evil god Keme. Most religions books  
have a deeper meaning and view god from the individual  
point of view but this one doesn't. "Absolute Justice  
Concepts absolutely." (3) It seems my facebook joke  
post "med. or medicine, or medicine is literally for  
the devil" and Aaron calling out the "all father move."  
I just feel like I created this perspective and I  
don't necessarily disagree w/ this layman / somewhat inter-  
pretation. I do not actually believe medicine / science  
law or government are inherently evil / satanic - but  
absolute power does corrupt (Swiss psych research /  
science) I initially requested this book to read  
more about Saenifasa (the renowned order of life)  
but find this inside cover scribble quite enlightening.  
Text 20' (1/1) 70's "knowledge by which one undivided spirit  
and nature is seen in all existences, undivided in  
the divided, is knowledge in the mode of presence."  
7-17 not motivated by false ego, whose intelligence is  
not entangled, though he kills men in this world, is  
not the slayer. For he is bound by his actions. (1) Chh

Run in hell!!! Run, Run, BURN! BURN! BURN! I'm God!!! 150  
No one understandable like called I HAVE IN MY HEART (BURN) FOR  
IT IS IT!!! (Said me / burnt down is back and everyone - along  
him up) This is real! - from just one or more or take some pill  
I'm gonna burn it down - there is no god? Maybe my depressed con-  
scious are not this dude - I would feel like writing to Michael  
no matter how weird it is. I just want to see him! (Blackbird of Bio)  
Forensic Psychologist Kristin Dabkowski - common mental health  
were talking about King what last name means - Spoke for 2 hours  
- 550pm - I showed up with a healthy, a negative, good point  
not just some bullshit, but I said and pointing  
down her shoulders - but is branching out... saying we're not 10  
feet away? People in just pick what they want to hear - I'm not a  
bitch. Would you like to be a bitch to your? - I'm not a  
bitch? 550pm - Got off 5:15pm, 1 for 2 envelopes - I'd used to get  
envelopes and letters. The other 2 were for Michael and me. (Chapman)  
I lived in the back of 192/136. 1050pm, my answer to Kristin about  
why I think I'd had more surveillance w/ police than most - was  
"good" - because more uniform, instantly affected (actually I just  
said because probably father (complex), rebellious, activist,  
most don't do any of what I do. And interestingly enough  
she completely corrected when she asked how I felt after  
the part of our (which I thought I'd already disclosed at  
it didn't affect, but caused me by surprise) also she said it  
was unusual I talked that much and I said that's  
what my mom said of growing too, but storytellers have  
their place in community, most just don't like to listen.  
I also explained in depth why completing projects recently  
for my high standard didn't matter. Shit Artist; because  
you can do anything I do seem anything more than just a pit-  
ied piece of shit on top of 1050 first world warping pile  
of shit. That seemed to stab her to the heart - why  
do anything, we do really matter when we keep sponsoring  
starvation of children... she really thought her own  
last name didn't mean anything? - it's just a bunch of  
letters, I know - it's not very cool/exciting... I'm sure  
it means something. She also never wrote a thesis  
but said she did something w/ training police officers  
on mental health...

Yes - I know people expect these lost men to just figure it out on their own. None of them feel wrong because the world @ large is so wrong. They need real education and opportunity and hope - not abuse and neglect and an expectation that they just accept it? And change for the better? No - they find purpose in their mistakes not worth associating to any privileged higher up HYP. CRIT. "There is no need for any of this bullshit!" "Shut up! No one cares!" I feel like he's channeling a spirit of irony, but these others see no purpose for such a speech - especially in here - where we can't do anything... 1pm - and P.S. with "Subtle Knife" book is such a creepy synchronicity (p 116 & 180 "The Beaver" Lethard Pinky and King Hippo - handmade of (Paw and) and his Shaman Father's story helps me feel less painful the absence of my own child - for I am on a grand adventure, and have been born again multiple times - I will never forget my past life's and my daughter, my heart my soul - but I had been commanded by a higher presence to be a dutiful version that encompasses the whole world

You know what they say, I'm a little bit of a witch in the bag, and you were meant for the sea & I'll be luck gonna a king. P.S. my need to have P.S. write it. (9/23) 12:00am - but I'm dying after finishing the Subtle Knife (his father's death and his journey). Now reading Spiritual Scriptures (1557:4 brought spirit back and Bhagavad Gita) Subtle Knife despises the authority - but that is fantasy - as a humble human we must submit to many authorities/limitations, most

obviously - The whims of Mother Earth (inner & outer nature & emotions) Reading the Bhagavad gives me hope again - I think I should be fine in prison. w/ a handful of spiritual books - and thinking how I first went to the Temple "where did I go wrong" I left to find a relationship, based off of a dream with hypocritical masters, and then I left alone for the same reason - and in the time I found mekenna 2 years later, engulfed in substance and forgot the value or how to maintain it (no I think that happened 2018 - when I did forget my spiritual inclination/discipline/desire and was captivated by a young artist (as I lost my own focus

it is just as when I accept the lack of difference on luck's  
fully programming / scripts / games we play on the same anger  
the opportunity being "given" from me, at her expense  
for I would have provided a record and early child  
education. But I am to know anything can need - and  
if I really do care, this responsibility belongs to  
the whole world of children, not just her. And  
I do not know if I would be so adamant about  
guilt, if this whole experience never happened.  
But that I think substance so evil, not just a  
waste of time and will for what I can really  
accomplish. Still don't fail to admit I am very  
susceptible to pleasing others and peer pressure  
I often cave into under the pretense of not  
wanting to offend or subvert judge. I need to  
remember I am quite inspired by the laziness  
and inability to cooperate / activate of most  
modern hipsters - when historically they seemed  
to energetically lead multiple Civil Rights/  
environmentalist movements and now are  
just content to simply "look the part" - But I  
also failed in convincing or finding the others  
who felt the urgency and excitement of the  
mission. (11:30) 11:45 PM - This guy has been yelling "fuck"  
every 20-30 seconds for almost an hour - previously I  
was spending time worried how easy it would be for people  
to convince me I had a bad memory problem, and then  
I was worried @ the possible complexity of the Dream  
ability to deceive myself w/ a reality that is stable  
then @ these constant "fuck!" words I thought how  
it would be used to condition a sleeping mind, startled  
periodically - This all does seem like a military  
experiment. I sit rats in a maze. Thought this they  
woulda stopped awhile ago - it can't be serious?  
The guards don't care to help and only a few are  
awake enough to yell "shut up" back, only maybe  
5 times in the past hour of him yelling in burst  
and it sounds like someone else is accompanying  
him. What a headache. I don't believe this but they just  
want a reaction.. maybe its turtles, he cont. into the room. ~ 1030  
am

(10%) Self Sacrificing but fails for leading me on this journey of self discovery. And I can't really be upset @ anyone because if I didn't discover it for myself - would I ever truly believe it. But thats the thing - I write about these "amazing" realizations and profound meanings but almost as soon as I put the pencil down - doubt slowly creeps back in. Meaning doesn't bring some laughter - "Shut the fuck up bitch!" or "I will eat your fucking soul if I am bad!" or my usual "FUCK! FUCK! Motherfucker!"

III To Becca: I'm not mental I just need a community that shares my ideas and passions, a solid fellowship, clarity and high mission. CC should have explained this enough. It's my inability to live amidst such a concept culture without being paranoid of everyone and everything! And also - this had to happen for my Daughter's sake as well as my Granddaughter. Cursed by fate but forgot my own daughter (not so much forget as limited by silent mother and inability to use legal system for help) this was the quickest way to remediate that which also reminding me what led me to this horrid state in the first place - My Grandmother and my Daughter, both victims of a culture of war, as I am a person as much as them are both also Daughters of the past and present American Revolution, which I had proclaimed and set motion for w/out the help of others, but by denying association protecting them and my loved ones and Challenging/leading Leading a Revolution of Great significance. And to call me mental, when I say true cultural lack of empathy and common sense is Mental - is to not deny my mental-ity but to express its relation and connection to our collective! And its not that crazy for me to Panic and be paranoid of everyone else for NOT CAPING + That we are in such a vulnerable position and immorally inclined to neglect "OUT OF SIGHT OUT OF MIND!?" And that somehow during all my publishing and notifying NO ONE, family or friends has anything to say about the matter or my missing daughter...? WHAT THE FUCK. I'M NOT CRAZY YOU ARE NOT TAKING THIS LIFE SERIOUSLY! ... You Really Don't Care?... And you neglected my responsibility to ensure my daughter and the world safety and even more closely than I couldn't wait I under community I failed to ensure my responsibility -

(10/5) - I didn't want to write about it for fear of losing it but  
I think I can put it into words; my mind / voice / spirit was  
higher, I sat and cross wrote on my bed and just looked  
a bit above my line of sight. I thought great things - by  
going through this, becoming stronger, letting go of attachment  
and becoming a true agent of change, able to change  
and adapt to any circumstance - by taking everything away  
then have me the ultimate freedom, nothing left to hang onto  
nothing left to lose. An awakened Dreamer who is aware of  
the multitude of dreams and their fleeting nature (why  
grieve over one nightmare, you will wake up soon enough to find  
a new dream) and if you can lose attachment to one person  
you can be free to do anything in this dream, as to speak. I saw  
it as my induction into the "no pain" cult from some of my  
and also spirited away. I am able to go about anything  
to put on a new lifestyle to my desire or to my single opportu-  
nity. I had no family / no authentic community / no friends  
to let me down - no one seriously in love w/ or interested in  
me. How sad, but how liberating, surely I can change and  
attach some in the future and create strength. I did see  
desire - Sannyas felt upon me. It is still not an easy thing  
to accept, no matter how much meaning I can see it still  
wastes. I am still addicted to people and the time we can  
have a responsibility or obligation to something greater  
- But after the 30 minutes were up - I was literally  
"pulled down" by thoughts of Becca. In my attempt  
to return I was brought back up by seeing Christ on the  
cross, but as I lost attention pulled back down to the  
reason that maybe I had an obligation to have Becca  
from. The lower realms of hell, distrust and simple body  
gratification, neglect for others, even one's own children.  
But the thoughts of Christ's greater ordeal / suffering  
and selflessness were enough to pull me up and  
away from animalistic jealousy / hatred / reactivity  
It is not always so easy to empathize w/ Christ's suffering  
and one does not believe in him they can still use old  
past and modern Martyrs as a meditation / empathic  
connection to escape controversial and mental whispers  
from the devil (negative unproductive thoughts of  
passion, ignorance, vengeance, destruction, regretful death) -

1/19 - David - the one who sat in the Science classroom w/  
all the women makers and today he jumped out of the Science class and  
taunted everyone. Buzzy almost talked shit to him but it seems as if  
winning. he also screams in a high pitch screeching yell voice "What are you  
convinced of? it was long and wild today. true cinema, pretty but  
through, lots of shit talk, gay jokes, people to have fun w/ then talking  
about god through that gets everyone defensive. while the gay jokes  
talk apparently never gets old. started by Buzzy each time. "To Joseph"  
yeah? "what you do? to get in? and death?" "no I'm reading a book  
called Demons at Rainbow Bridge its kinda like Star Trek" "Sounds  
good?" "yeah I guess the name does." 11:11 AM it is interesting to  
consider us all as empaths, and now I believe more fully receiving  
from my conversation w/ my father who has and may be always will  
the ability to manipulate people for me based off his need for control  
and disregard for my life's worth. And Bella too, very conditional love,  
it is truly best to be cut off from all who do not share my same  
vision and it is sad such a minority do. Even religious people do  
not fully understand the implications because it is a blind faith  
basis of science and spirituality. But definitely many methodist  
and intellectual/educated believers do understand the urgency  
of directing efforts to preserve Mother Earth and reduce the  
reliance on slave based economy - truly securing our grid  
and culture from collapse/man made or natural disaster.  
CC vs. Not See (see see vs. Nazi) I am truly blessed to have an  
almost identical work experience w/ ever less work (none  
actually) and to be given the opportunity/protection from others  
to fully apply and review internally all manner of wis-  
dom and self talk. I also find myself elated @ this new novel  
"demons at rainbow bridge" and for all novels to contain  
wisdom/synchronicity/beneficial self talk. My greatest down-  
fall may have been my loving-acceptance/fear-to-offend/  
inability to distrust or avoid negative peer influence.  
To accurately/efficiently discern good characters from bad  
characters would be to doubt my own faith in human  
nature/goodness and to project/imprint negative realities  
so ~ another Catch 22 (I'd need to think bad of people to protect  
myself - but if I think bad of people I think bad of myself.)  
(10/15) 9:50 PM just got back from being interviewed for aid's assist in  
my defense? so I guess it was found to be unfit? I'dk w/ it is  
open on. There should be an experiment on how long it takes  
to convince someone there's crazy in conditions like this  
and constant ignorat/dismissal/diagnosis w/ out empathy you  
can convince anyone there's crazy and they may conform just to be accepted

10/16 Wondering if I really do have a mental disorder or if these cond- 154  
itions are creating it. Seemingly ready to drop everything and start a  
new life w/ the same mission if Bizzzy does manage to get my 3rd party  
release - which talking to her just today I am convinced she is going to  
try and he honestly seems excited and 'sure' of his ability to get me  
out. Accepting a new purpose / not reflecting my idea of what this  
purpose was for - to solve legal/ethical keeping me from my daughter  
I now do not think I need to rely on a corrupt system to help  
me achieve these ends and have already imagined how well placed  
connections in the underground could be just as, if not more helpful  
and also more ethical for the Grassroots Deal 'CC' to be born.  
Called his girl to buy red sweats and T for him, confirming a bit  
of my fantasy as well as asking and hearing of her to sign my  
release. I should / am fine w/ either opportunity I am presented  
but obviously seem to favor an earlier release and am put  
into a panic over the matter. Very disorganized thinking, none  
of the 2nd sentence seems crazy after 'realizing I really  
don't have any family/friends close enough to help me out or  
even care about what's going on - so obviously / easily drawn to  
Bizzzy's apparent friendship and interest in my 'rescue', could  
really not a friend like that right now - Even if I don't like  
or necessarily agree w/ what I write it ends up making helping  
me feel better and is testimony to different 'channel' / spirits  
disorderly, chaotic thoughts not always true to my reservoir  
of knowledge and experience. I feel like I am handicapped when  
I try to compile a 'final' version to send - I know it will come  
when the time is right and that the handicap is hopelessness  
leads to lack of focus - even when I'm given all the time I  
want to work on it - it's like I don't even believe in my-  
self, even though I've recorded / captured so many proofs /  
sympsonicities. Maybe I am being subverted as a  
victim of doubt that is actively working against my  
mission / vision. Still I have faith it will come in due  
time and have watched it slowly if not surely organize  
itself into a coherent, all inclusive and in depth and  
piece of work that is so intimately love and emotional  
draining to see the heart breaking truth for what it  
is, despite all the meaning and purpose. I cannot  
be satisfied. And it should not be, for it is coming from  
the heart (of?) and I am talking about another dude who I  
thought was a loser like her part. She told me I was handsome, athletic,  
educated and good w/ kids... 2 nights ago I had dream about  
showing magazine (cc) to golfer, getting paid to take their pics near  
an ocean course and being pulled back and forth out of focus

"In one of our services just a few weeks ago, I saw more angels present than I have ever seen before - hundreds of them. I saw the two angels assigned to each person's life, standing with them. There was a powerful, weighty presence of King Jesus in the room. Clearly, something in Christ's Kingdom is amping up

God's governing body of Christ  
"Recently Holy Spirit has begun revealing to me another division of angels being sent to assist the Ekklesia: the Seraphim order of angels. These are the highest ranking angels we know of. They are incredibly powerful beings that carry the delegated authority of the Godhead. Most theologians believe Michael and Gabriel are part of the Seraphim order. The Seraphim minister in God's Throne Room. They provide protection and proclaim the holiness of God, declaring 'Holy, holy, holy is the Lord' (Isaiah 6:3). Seraphim are also angels of fire, which the prophet Ezekiel described as being capable of striking things on earth with God's power (see Ezekiel 1, 10). God commissions these angels into the earth realm to assist His people. They empower the decrees of the Ekklesia, striking God's enemies with His lightning-like power.

"There is another aspect of the ministry of Seraphim I believe God is accelerating into our times. The first chapter of Luke tells us of Zechariah, a priest that ministered at the altar of the Lord. He and his wife, Elizabeth, wanted children but Elizabeth was barren. God sent Gabriel, a Seraphim from the Throne Room, with His message to them: 'God has heard your prayers. You will have a son and you are to call his name John. He will have the spirit of Elijah upon him and will prepare the way for the Messiah.' This word was so overwhelming it caused Zechariah to doubt if it was true. In disbelief he questioned the angel, 'How do I know if this is really true? Is there a sign you can give me?' The angel said to him, 'I am Gabriel. I stand in the presence of God and He sent me to tell you this. Because you question my veracity, here's your sign. You will be unable to speak until the child is born' (see Luke 1:5-20). Zechariah's voice was indeed silenced until the birth of his son.

"In this account, a Seraphim was able to stop the ability of a human to communicate. Would they not be capable of affecting the communication systems of those who are enemies of God and His people today? I believe this is one of the reasons God has now sent His Seraphim order to us, the Ekklesia - to help stop the communication of evil in our land and assist in enforcing the decrees of the King's Ekklesia. Mighty angels are here to help us silence demons and disrupt their influence. They are here to assist us in overcoming perversion, idolatry, dark deceptions, sexual confusion and the worship of Baal through abortion. We need angelic assistance to silence those actively promoting anti-Christ ideologies. They will expose wicked communication and tear down strongholds in government, education, media, big tech, arts and entertainment, and religion.

"Hebrews 1:13-14 tells us that angels minister to and assist (*diakonia*) the heirs of salvation. (1) In Revelation 22:1-7, Apostle John received a word from a Throne Room messenger (which implies it was a Seraphim). When he saw the angel, John knelt, but the angel stopped him saying, 'I am your fellow servant, and the fellow servant of your brethren, the prophets and to all those who keep the sayings of this book' (verse 9). Fellow servant is the Greek word *sundoulos*, meaning 'to run together with; to serve the same master, plan or cause'. It also means 'co-servant' or 'to be on the same team.' (2)

"Using these definitions, we are told that angels are 'on the same team' as Christ's heirs, assigned to 'run with' them. They are commissioned to serve the purposes of God with the Ekklesia as they conduct Kingdom business on earth. Psalm 103 tells us angels engage and help connect decrees to their moment, bringing them to pass (verses 20-21). Angels are one of the ways through which Holy Spirit gives us the advantage. Decree God's words - fuel the angels!

### Pray with me:

Lord, we pray for an outpouring of Your Spirit on our sons, daughters, and grandchildren. We pray that a heavy movement greater than any before would begin to sweep across America and throughout the world. We bind every spirit assigned to generate evil communication. You have sent Your angels to help us win a great battle. Our children will sing Your songs, dream Your dreams, minister under the anointing of Holy Spirit, and be mighty members of Your Kingdom. I call and release this. We pray that Your angels would activate and empower this across the world. It is time! We pray for an outpouring of Your Holy Spirit that will bring light into the darkness. Let it accelerate according to Your plan.

Father, we continue to pray for those impacted by Hurricane Ian. Comfort those who have lost family members, encourage those who have lost possessions. We lift their arms through prayer, sustain and strengthen them. Let Your love and healing strategies and resources to serve and lead many to you.

And lastly, we fuel the greatest revival in world history with our prayers. It is coming and will not be stopped. Send every angel to assist in this. We pray these things in Jesus' name. Amen.

### Our decree:

We decree that Holy Spirit is being poured out in great measure and power, producing unquenchable fire and world-wide revival.

# A Psychedelic Renaissance at the V.A.

Clinicians look to drugs the government still deems illegal to treat addiction and PTSD.

By ERIN ST. LOUIS

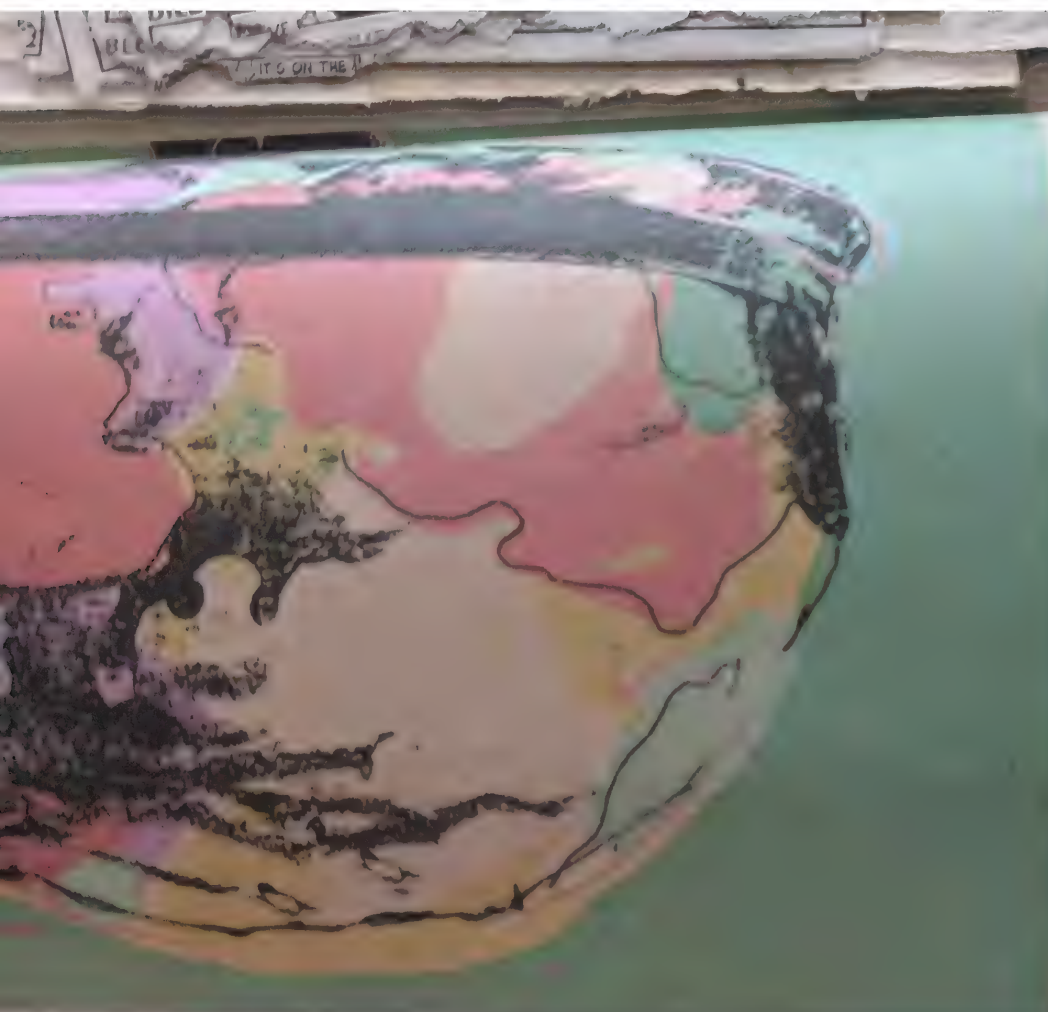

The last known experiment at a Department of Veterans Affairs clinic with psychedelic-assisted therapy started in 1962. That was the year President John F. Kennedy was assassinated. "Within U.S.A." topped the music charts, and American troops had not yet deployed to Vietnam.

At the time, the federal government was a method of psychedelic research. The CIA explored of psychedelics using LSD as a mind-control tool against adversaries. The Army tested the drug's potential to incapacitate enemies on the battlefield. And the VA used it in an experimental study to treat alcoholism.

But growing recreational use of drugs, the war on drugs, which, among other things, ended an era of research into the therapeutic potential of psychedelics.

Nearly six decades later, a handful of clinicians have brought back psychedelic therapy within the Veterans Affairs health care system. If their studies show promise, they could mark a major step in the quest to both legalize and legitimize psychedelics and make them broadly available for clinical use.

I spoke to four of the government researchers leading studies into the use of psychedelics, often called ketamine, and psilocybin, often called magic mushrooms, and to Dr. Shannon Ruffalo, 34, has the military in her blood — having been raised by an Army

# Opioid Ma

By JAN HOFFMAN

Teva Pharmaceuticals the country's biggest makers of generic opioids, and a settlement in principle some 2,500 local govern states and tribes over the ny's role in the deadly, ongoing opioid epidemic.

The deal — worth up to \$4 billion — came after a series of testing trials and previous settlements in individual cases the country over the past year.

Though much less than Teva, an Israeli company, affiliates produced far more prescription opioids during 10 years of the crisis than name opioid manufacturer as Johnson & Johnson did. Production of both generic branded painkillers dwarfed output of Purdue Pharma, maker of OxyContin, the nation most immediately associated with setting off an avalanche of overdoses and deaths.

Under the deal, Teva will make payouts over 13 years to state, local and tribal governments to ease the impact of the coronavirus pandemic, which has only deepened the coronavirus pandemic. \$4.25 billion total in nearly \$550 million in the company had already as trials got underway in California, West Virginia, and Rhode Island.

States and the federal government choose to accept payouts in exchange for negotiations, rather than prosecution. The deal represents a state attorney general's announcement that the company will not be prosecuted.

■ When the *Celebrity Equinox* set sail from Florida last week, the cruise ship's 3,000 passengers expected to enjoy a week of relaxation in the Caribbean. Then Hurricane Dorian devastated the Bahamas. The vessel changed course to Grand Bahama Island and became a floating aid station. Kitchen staff prepared some 10,000 meals for storm-struck Bahamians, which passengers plated and packed. Guests and crew also donated clothes for victims. Guest Jessica Russell fully supported the cruise's rerouting. It's the "least that we can do," she said.

■ For the first time in the U.S. Army's 244-year history, two sisters have attained the rank of general. At a historic promotion ceremony in Arlington, Va., Maj. Gen. Maria Barrett — already a two-star general — presented her younger sister Brig. Gen. Paula Lodi with a beret bearing her new one-star rank insignia. The daughters of a World War II vet father, both siblings have excelled in the military. Barrett, 53, commands NETCOM, which runs the Army's cybermet-works, while Lodi, 51, is director of health-care operations for the Army's surgeon general. "This is not a game of chance," Barrett said of her and Lodi becoming generals. "It is hard work."

■ Matt Sylvester was an hour into his first flying lesson when his instructor suffered a seizure and passed out at the controls of their two-seat Cessna. The 29-year-old Australian immediately called air traffic control, who advised him on how to keep the wings level and reduce his speed as he prepared to land at Perth's Jandakot Airport. He made several passes over the runway before gently touching down. An ambulance took the instructor to the hospital, where he is now in stable condition, and flight school owner Chuck McVee was glad Sylvester for his cool head. "It was," he said, "a perfect landing."

AGING, SLOWLY

## Turtles and Their Brethren Play the Long Game

For mammals like humans, aging is inevitable. No matter how many vitamins we take, skin sags, bones soften and joints stiffen over time. However, turtles and tortoises age more gracefully. Despite their wrinkled skin and toothless gums, species like Galápagos giant tortoises seem unscathed by the ravages of aging. Some show few signs of slowing down as they plod into their 100s.

To determine what drives these

ageless wonders, two groups of researchers examined turtles, tortoises and their ectothermic, or cold-blooded, brethren in a pair of studies. Ectotherms like fish, reptiles and amphibians dominate the longevity record books.

Living so long requires a gentle aging curve. After most animals reach sexual maturity, much of their energy is devoted to reproduction at the expense of mending aging tissue.

This physical deterioration, or senescence, often causes an uptick in mortality risk as older animals become susceptible to predators or disease. But several coldblooded animals experience little senescence as they age.

It makes sense that turtles set the anti-aging standard, considering their sluggish metabolisms. Researchers have also linked their sturdy shells to longer lives.

While these lumbering reptiles cannot outpace death, they may hold insights for prolonging longevity and decreasing age-related decline.

"If we continue to study the evolution of aging in turtles, at some point we'll find a clear connection between turtles and human health and aging," said Rita da Silva, a population biologist at the University of Southern Denmark and an author of one of the studies. JACK TAMISEA

The other example is of my niece Elizabeth, with twins born 4 months early on July 30th, and then she and her husband Luke losing one of their 2 daughters. The following are excerpts from what they shared at her memorial service.

**Luke's Remarks:** Eleanor's life was not long, just 19 days. There aren't many memories to relive and it may seem like there is not much to say. But there is something to say. I want to share how Eleanor's death has affected me and Elizabeth. I want to share how we will never be the same. I want to share what God is teaching me and perhaps teaching all of you too.

I want to share three words with you. These words may sound strange at a memorial service. They may even sound somewhat cruel in light of the circumstances. But these words have taken on a deeper meaning for me and have become more important to my life and to the life of my family. The three words come from 1st John chapter 4, "God is love."

Why did God allow Eleanor to die? If God is love, why didn't He let her survive this ordeal? Why didn't He heal her and give her a full life? Why are we being made to suffer through this immeasurable loss? I wanted to have and hold and love Eleanor so, so much-- why was this precious gift of life taken away?

Will I ever receive answers to these questions? Will I ever stop asking them? The reality is that the answers to these questions are being provided by God's love and grace every day, and these and other questions will continue to be answered until the day I myself am ushered into His glorious presence. There may be days in the future where I don't think about these questions much, maybe not at all for a moment or two, but God will still be answering. He will still be helping me understand as I look through a glass darkly. He'll be showing me through his perfect and never-ending love.

As God continues to answer these questions He is showing me what love means in a way that I could never know apart from experiencing Eleanor's death. The love that Elizabeth and I have for little Lucy and for each other is deeper, more profound, more meaningful. God has allowed Elizabeth and me to be together, to weep, hold, and comfort each other, to have a companion to grieve with. I see His love working on and between us.

God is also showing us what the love of family and friends is really like, and it is more than we could possibly expect or imagine. We may have lost one of our precious daughters but we've gained immeasurably through the love of you, our brothers and sisters in Christ. Truly and sincerely, we thank you for your love, prayers, and support. You may not think about it in this way, but God is using you to show us His love, and it is beautiful.

Eleanor's death was unlike anything I've ever seen or experienced in my life. It was raw, terrifying, intimately painful in a way that words cannot express. But God is love and has conquered death. Our sweet little Eleanor is now in the presence of Almighty God-- how is that not a perfect summation of God's love?

**Elizabeth - A Mother's Reflection:** Trust. This was a word that came to me at the beginning of the year and I felt it would be an important concept for me in the months to come. At the time I had no idea of the events that would take place in the coming months.

At each point in my pregnancy, birth, uncertainty, loss, and hope, I had the choice to trust and have faith or to fear and doubt. The song, "Even If," by Mercy Me has run through my mind often these past few months as I faced each new day and what could happen. It talks about knowing God has the power to heal and save, and the importance of trusting Him even if He chooses not to come through in the way that we think He should. It caused me to question how I would respond to each situation--even if I had a miscarriage, even if I had pregnancy complications, even if I gave birth early, even if... would I still trust God amid those trials? Though I asked myself these questions in my mind and made the choice to trust, I didn't know how I would respond if I actually went through them. Would I still be able to trust and say, "It is well with my soul"?

My answer is yes. With each step on this journey, God's grace, mercy, and peace has been evident and my faith has been strengthened as I am forced to rely wholly on Him. This doesn't mean that I don't still feel profoundly the loss of a child and what could have been, or that it won't hurt when I sort through things in a nursery that was meant for two and will now only have one, or when we tell Lucy about her sister. But God is faithful and will be there for each of those moments, continuing to give grace for each future step. Yes, I choose to trust myself to Him and His sovereign plan and to say, "It is well with my soul."

Trusting in The ONE who can guide and comfort us on whatever perilous path we are on,

### EVEN IF

A story I remember my mom telling after our years of living in Africa, and one I have shared with the inmates from time to time, is of a young African bridegroom. He had planned everything in detail to make sure he would look his very best. He had gotten a white suit, white shoes, a hat, and sunglasses. He even asked his Christian friends to pray for really nice weather on his wedding day. When that day arrived, it was a beautiful sunny day and he delightedly got all dressed in his wedding clothes and set off walking to his bride's village. As he approached a field there was suddenly a huge downpour of rain and before he knew it, he was splattered with mud, and sopping wet from head to toe. He was so distraught. Anger and tears welled up within him. When he arrived at the village his friends gathered together some dry clothes for him and the wedding went on, but he was so angry at God he said he would never pray again.

A short time later after hearing a knock on the door, the bridegroom opened it and saw a young man his similar age. He said to the bridegroom, "Tell me about the God who answers prayer!" The bridegroom was perplexed, and asked what he meant. The young man explained that he had wanted to marry the girl that the bridegroom was marrying. He was waiting in a field with his gun, and just as the bridegroom came into view, there was a huge downpour of rain and he was not able to kill him. Suddenly the bridegroom realized that in his limited understanding he had concluded that God had failed him. Yet God had watched over him and saved his life. How sad to think that if that young man had not come to reveal his plot, the bridegroom could have spent the rest of his life being angry and separated from God.

What's our response when it seems God has failed us? Will we harden our hearts to Him and bow down to anger, bitterness, or other gods of addiction? Will we abandon Him, or will we enter the mystery, abandoning ourselves to Him? (MSG Psalm 40:3) Will we give Him ourselves and our circumstances and invite Him to work in our lives? A quote from Mrs. Charles E. Cowman's book *Streams in the Desert* says: "The present circumstance, which presses so hard against you (if surrendered to Christ), is the best shaped tool in the Father's hand to chisel you for eternity. Trust Him, then. Do not push away the instrument lest you lose its work."

A lot of us, like the inmates, are facing scary and uncertain circumstances. In our fiery trials will we say as Daniel's friends when threatened with being thrown into a blazing furnace, "...the God we serve is able to save us from it, and He will rescue us... But even if He does not, we will not serve your gods or worship the image of gold you have set up." (Daniel Chapter 3). In the midst of being thrown into the furnace, God met Daniel's friends in a powerful way and they were not alone. Corrie ten Boom found Jesus Christ beside her in the deepest hell men create while a prisoner in the concentration camps of World War II. She said, "No pit is so deep that He is not deeper still." Many of the inmates have, and are experiencing His bringing them out of the dark pit and thanking Him for His gifts along the way.

Within my family in just the past months I have seen 2 tremendous examples of steadfast trust in God as they walked with Him on very unfamiliar paths through dire circumstances. One is of my nephew Levi, and his wife Marissa who was diagnosed with 4-stage cancer about a year ago and who at age 27 just went home to be with Jesus on August 5th. Levi had quit his job months ago so he could be by Marissa's side all along this journey. He wrote "This last year was the most difficult that we had ever faced but I can truly say that God was with us at every step providing His peace, direction, and comfort.... Marissa and I were continually brought to tears from countless times when blessing and encouragement came to us...I will forever be thankful to our friends and family for the support.... our hearts though shattered, will remain soft and thankful for the time we had with her." One friend wrote of Marissa, "She loved Jesus with all her heart and all her strength. Her hope was in Him alone. Her confidence in His goodness and His faithfulness to the end, astounded and challenges me. Her faith unwavering. Her life has changed mine."

SOCIAL MEDIA.

SO, I JUST DIDN'T UNDERSTAND  
THE UPROAR."

you are getting ready to release your second album. You've had some time between projects. Have you liked that? Have you been frustrated by that? Do you think the album should've been out sooner, or is this the timeline that you wanted? You created?

I feel like at this point, it's like a timeline that I created. Because last year, I was like, I gotta put out my album this year. But, then I just stopped working on my album out of nowhere because I feel like the whole COVID thing discouraged me to put out my album. Because I want to put out an album, and I want to tour.

That seems to be what happened with most big hip-hop artists during the COVID pandemic. They didn't drop any albums or projects or try to take advantage of this weird year. It feels like most artists seem to be holding all of their music for when they can go out on tour.

Yes. We want to tour with the album. And I feel when I did *Invasion of Privacy*, I did a really big interview with [radio host] Ebro [Darden]. And to this day, I see people posting the interview.

I don't feel like if I do like, an album promo run and everything, like, there's no feelings to it, me doing interviews with people through a computer. I want to meet up with people. I want to have a conversation. It's a better vibe. I love album release parties. I would love an album release party in New York. I could have one in Atlanta, but I want one also at home. And I want to see people. I shouldn't fly out 50 of my friends just so they could be there in Atlanta and then somebody might catch COVID. No. So, it's just something that I stopped, but then now that I keep putting out my singles, I keep saying like, "Damn. I have no choice but to put out my album this year."

It's hard if you keep putting singles out and don't put the album out. because then it looks like you're not confident in the singles you are dropping.

Yes. And like, this was one of the biggest things that I had to do, this cover. I got like, a week of making sure I handle all my business, making sure everything is good, go to meetings. And then, I'm going away for a very long time to finish my album.

So, what is the timeline for you this year if it was your way? It's difficult. Because it's like, even after I finish the album, I gotta make sure I do two epic music videos. And, it takes me a while to do a music video. It takes like, a whole month 'cause I suck at dancing, so I've gotta learn choreography. "WAP" was very difficult, getting clothes because most of our clothes came from France. And they had like, a whole three-week holdup.

It's a bit of a tired conversation but to touch on it a bit, were you surprised by the response to the "WAP" video? The complaints of it being oversexualized mixed with the woman empowerment conversation. Were you waiting for "WAP" to be controversial or were you not expecting it?

I was really surprised by it because I'm like, I don't understand what's the uproar about it. I grew up listening to Trina and Khia and fucking Lil' Kim. Like, Lil' Kim says some real nasty shit. Foxy [Brown] says some nasty shit.

But, so do male rappers.

Yeah, so do male rappers. So, I was just so confused. Like, why is this such a fucking uproar? Is it because I'm a really big Democratic advocate or something? So, now the Republicans are just trying to find anything?

Oh, interesting. A backlash from being vocal and supporting Bernie Sanders and the Democrats in general.

It's just like, Hmm. Y'all know how I got famous, right? I got famous by talking nasty on fucking social media. So, I just didn't understand the uproar. And like, weeks later and months later, I'm starting to see like, Damn, this was a real feminist record. I didn't even know that it was going to be. It was such a cause of conversation. In the beginning, it was on Fox News, these fucking... They were eating it up.

And then, these last couple of weeks it was trending again because there were some books of Dr. Seuss that got pulled out 'cause they got racial content in it. People was just like, "Oh, 'WAP' could be the greatest song, ever and 'WAP' could play everywhere, but we're gonna pull Dr. Seuss books out 'cause of what?" And I'm like, I don't understand. Why is my song getting involved in something that has to do with racism? I cannot believe that this song is just such a conversation.

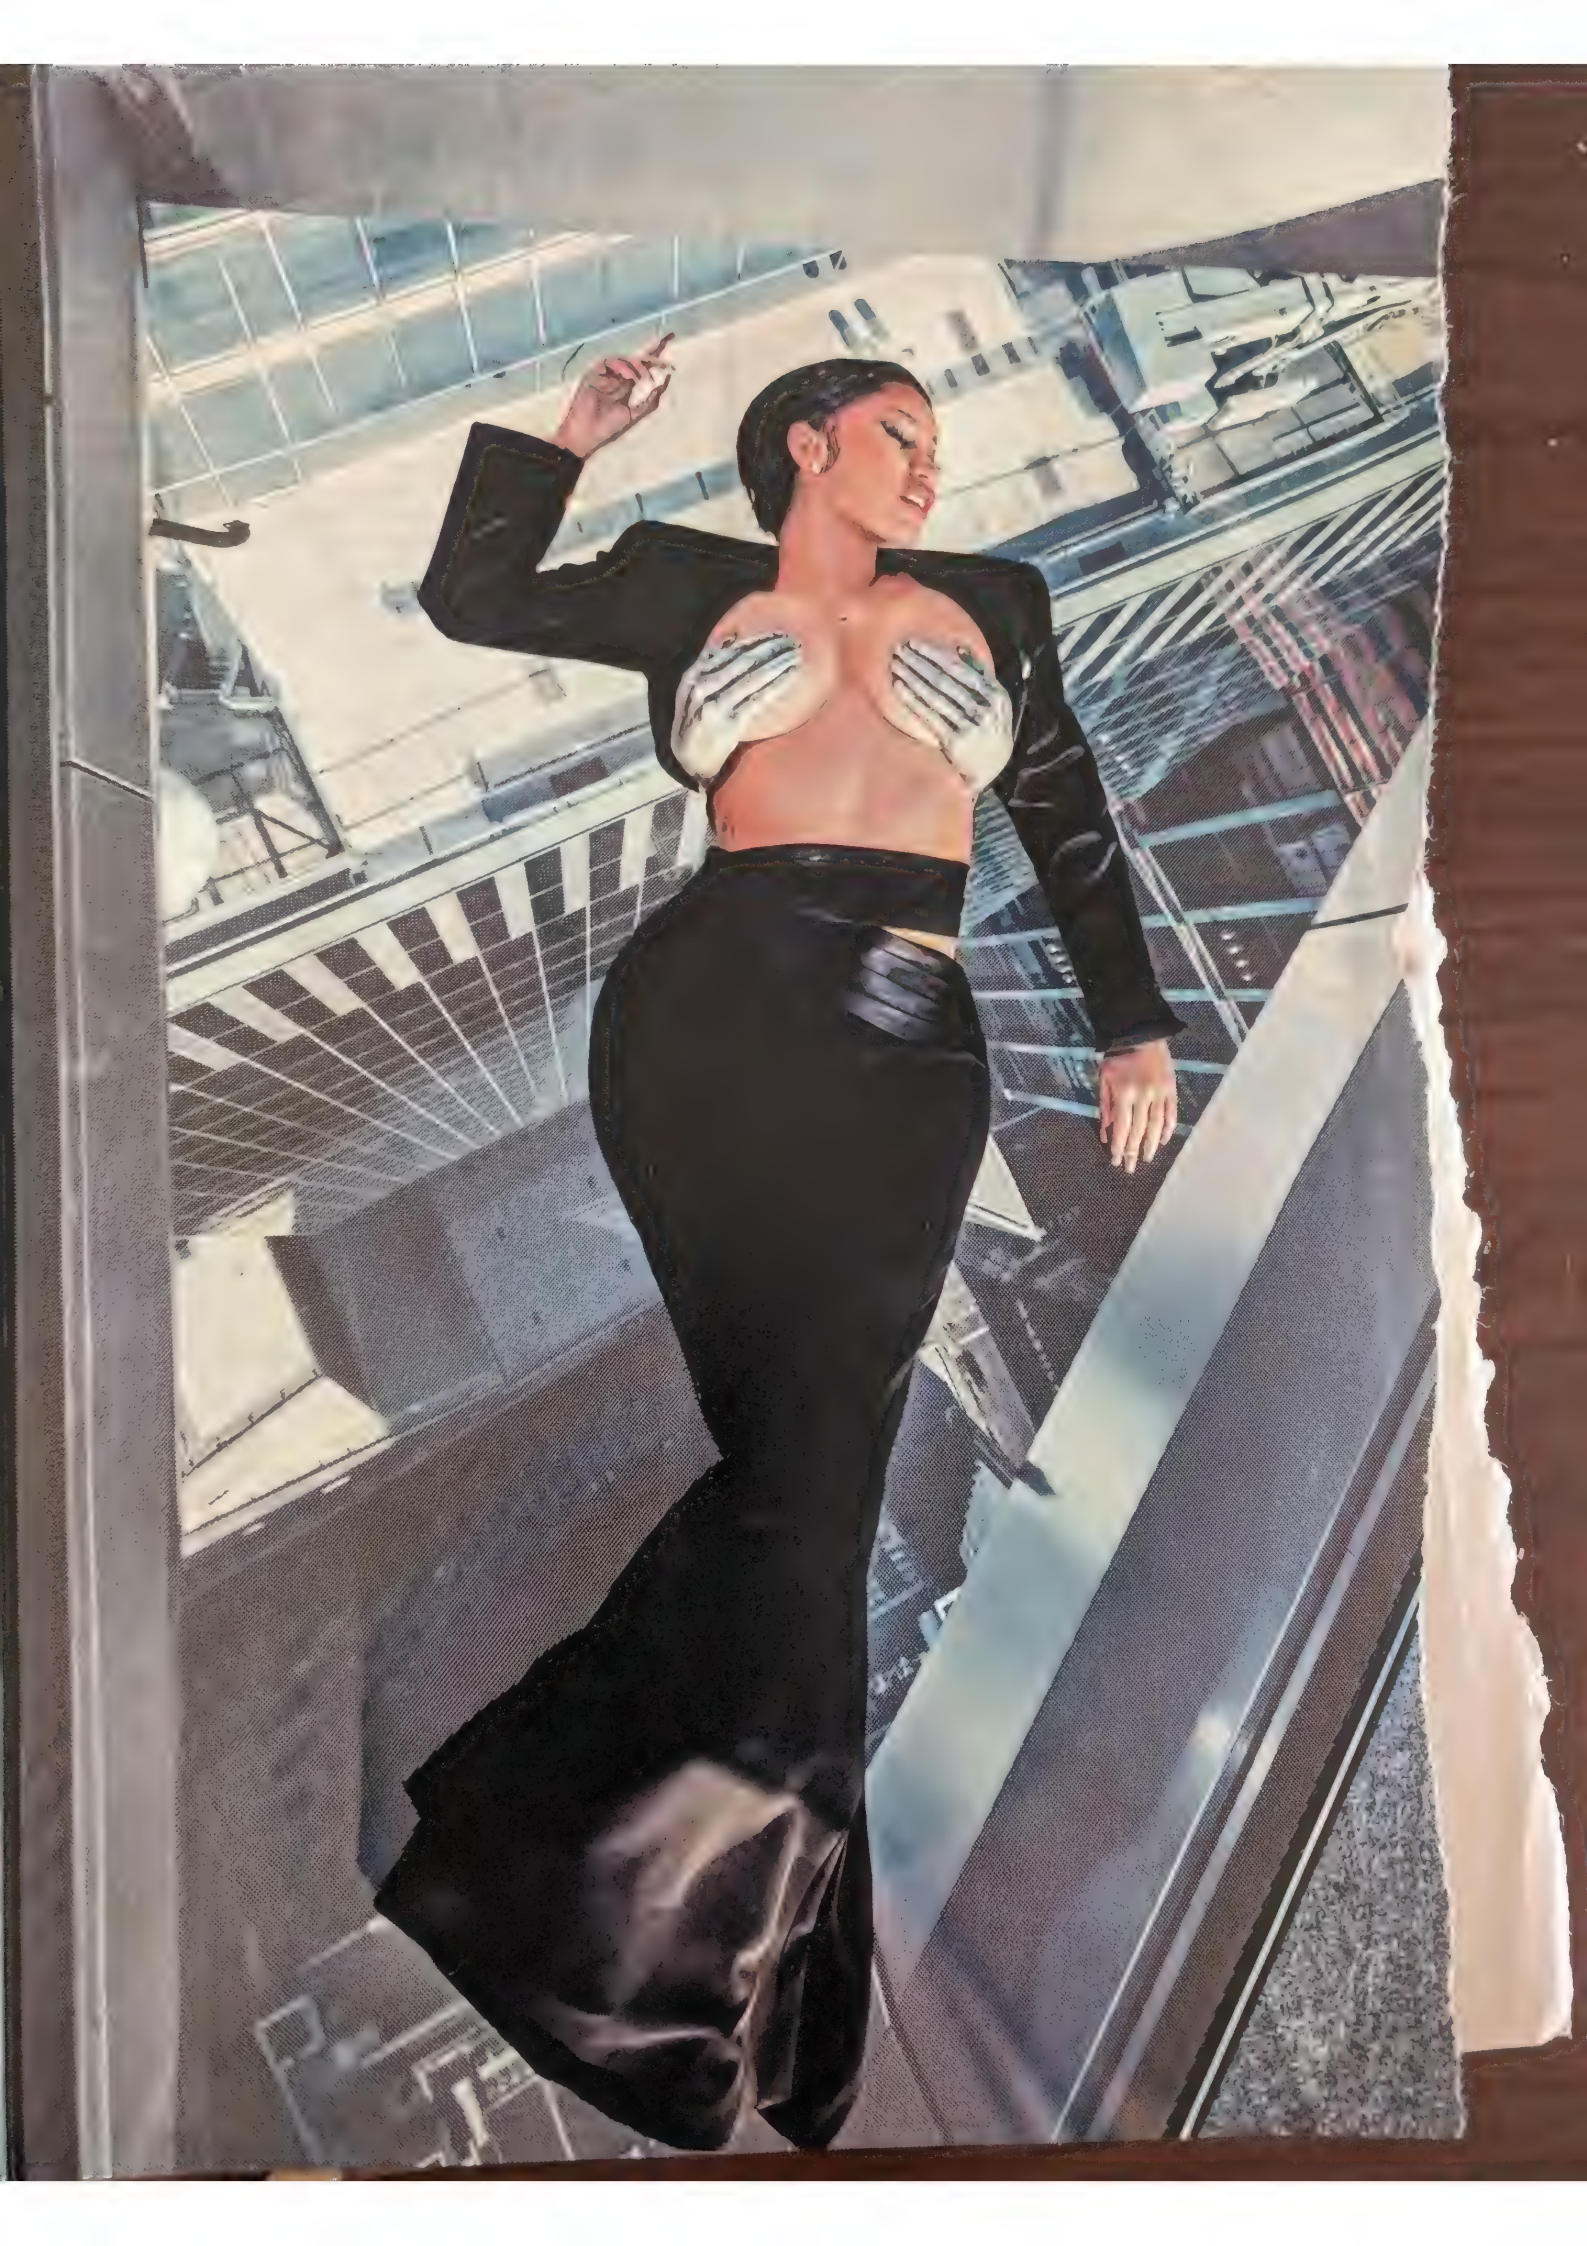

But you've created yourself to be a person who makes those conversations now. Right?

I guess. But, I really didn't thought that it was gonna be such a conversation. Because, to me, I feel like the conversation was gonna be the music video—it's so amazing. I didn't thought that people was gonna be like, "Oh, this is such a nasty song." Because it's not the nastiest song I ever heard. This is nothing compared to like, "My neck, my back, lick my pussy and my crack." It doesn't even compare.

You brought up your political side. How important is it for that to be a visible part of who you are to the public?

I hate when people be trying to say that I stand up for people for clout. Because I have videos of me with fucked up teeth, in Harlem marching for police brutality. I have videos of me with braids and fucking pimples all over my face while stripping, talking about this shit. In 2016, I was telling people why is it so important not to vote for [Donald] Trump. Like, this is natural to me because it's like, something that I love. It's my passion. I love politics. I love government. I love, like I said, wars. I love history

# Rubi Rose

WORDS

KEMET HIGH

A unique voice is crucial to rap stardom. And that just happens to be Rubi Rose's God-given attribute. Though she's petite in size, her sonorous tone makes her music larger than life, seemingly like she's the seed of vocal prowess rap legends Lil' Kim and Foxy Brown. That voice delivers the sexually liberated lyrics on her 2019 smash "Big Mouth," which birthed different viral TikTok trends from dance moves to people biting into various foods during the intro. Given the platform's current superpower, that boosted the 23-year-old artist's status in the rap game, on top of the clout she's earned as a past video vixen and social media influencer. After quadrupling her Spotify monthly listeners over the last year, Rubi is looking to increase her momentum in 2021.

Rubi Rose Langenheim was born in Lexington, Ky. to an East African mother and multiracial father who was adopted and is believed to be Japanese and White. Growing up in the household with her older sister Scarlett, a taste for music was seasoned by artists their parents would play during weekend cleaning sessions. The genre-defying sounds of singers like Michael Jackson and Prince filled the air as did rap phenoms The Notorious B.I.G. and Tupac Shakur.

Rubi's family's Mormon religion sheltered her from what was going on outside of the family home as a kid. "There was a point in time where I wasn't supposed to listen to music like that, drink caffeine and wear things that didn't

go past my knee," she remembers. That eventually made her more inquisitive. And the way she fed her curiosity was through the internet. During class, she would look up and download music like Dom Kennedy's *Yellow Album*.

Gospel was a different story. Rubi got her first chance to create music in the church where she sang hymns and played the piano until age 9, when her father was excommunicated from the sanctuary. As problems arose in her parents' marriage, Rubi and her older sister were sent to live with their grandma, aunt, uncle and cousins in Geneva, Switzerland. The French-speaking city was home to many refugees of Eritrea heritage, the same nationality as the late Nipsey Hussle, following the Eritrean Civil War. "We were in school for the majority of the time," she says of what kept her busy overseas.

Ahead of her 12th birthday, Rubi's parents brought them back to Kentucky after a year-and-a-half had passed. But things didn't last and in summer of 2013, Rubi, her mother and sisters moved to Atlanta. In the Black Mecca, Rubi wrapped up the last two years of high school and enrolled into Georgia State University as a poli-sci major in August of 2015. While in school, she began playing around with rap, freestyling in a makeshift closet studio. She was soon inspired to ditch the thought of becoming a lawyer and take rapping more seriously. "People said they liked my voice and I had people who believed in me and motivated me to keep going," shares Rubi, who looked to rappers Nicki Minaj, Missy Elliott and Foxy Brown for a blueprint.

Over the next few years and in between classes, the aspiring rhyme slinger worked with friends on her breathing techniques and delivery. Before she revealed the finished product, Rubi began immersing herself into the industry as a video vixen. The first two videos she was featured in were for Raury's gem "Cigarette Song" in 2015, and Migos' hit "Bad and Boujee" featuring Lil Uzi Vert in 2016. "That helped my career and getting my face known a little bit as well," she notes of Migos' most-viewed video.

Rubi's first official song in 2018 came with

more steam than the norm. She laid down a verse over then-boyfriend Playboi Carti's record "On Top." Seeing how he was elite on SoundCloud then, Rubi claims that the anticipated record broke over a million plays in just a month on the platform. "I thought that was going to be my big break," she confesses. Turns out it wasn't just yet. The record wasn't able to make any noise.

Undiscouraged, Rubi pushed on. In early 2019, she dropped "Trickin'" followed by "Big Mouth," her biggest record to date. The tenor tone she used to spit lyrics like "Fuck him good, take that nigga money when he pass out" over the ChewBeats-produced foundation was instant magic. "At the time I didn't even know how to check streams," Rubi admits. "But the labels started reaching out so I knew that it did something."

In June, Rubi inked a deal with Hitco Entertainment, founded by the legendary L.A. Reid. "They're a new label and I feel like I'm a priority," Rubi explains. "I need attention to help foster my growth."

Knowing how effective an emerging rapper like Rubi and a seasoned beat architect would be, L.A. Reid aligned the rap upstart with producer Hitmaka, who then helped mix "Big Mouth." "I thought it was something special and unique with her just being such a little, petite woman but having that large, deep voice," Hitmaka remarks. "Also, she was talking incredibly greasy. So, I knew girls would eat that shit up."

In September, Rubi cooked up the treatment for the "Big Mouth" music video, which in combination with an accompanying TikTok trend, helped raise the song to 13 million streams on Spotify. Her follow-up "Hit Yo Dance" featuring Yella Beezy and NLE Choppa kept the kettle hot that fall, too.

Escaping the halting anchor of COVID-19, Rubi Rose leveled up even more in 2020. She scored a big-time look in the visuals for Cardi B and Megan Thee Stallion's chart-topping release "WAP" that August. Rubi's short but undeniable track record forced L.A. Reid's hand to upgrade her deal from a singles package to an artist signing that December. In celebratory fashion, her debut mixtape, *For The Streets*, dropped on Christmas day. "It's a good representation of the artist I'm becoming," Rubi maintains of the eight-song effort, led by bad bitch anthems like "Papi" and the PartyNextDoor and Future-assisted slow burn "Whole Lotta Liquor."

Now, young Rubiana is headstrong on becoming a full-blown superstar in 2021. As a precursor to her upcoming debut album, the still-enrolled scholar is plotting on unloading new music that will hopefully inspire girls who can relate to her rawness. With hip-hop finally embracing women more, all eyes are pointed toward up-and-comers like Rubi, who acknowledges the pressure with open arms. "I like the attention," she admits. But she's focused on the bigger picture. "I just want to grow in every way, mentally, musically, financially."

Best believe she's in her bag now. ♠

# Court

Continued from Page 1A

There's a large need for help with substance use disorder in Springfield, he said in a presentation to the City Council, and incarceration alone isn't enough to interrupt the cycle. People need treatment and services to get and stay sober, he said, and a treatment court could provide both and other critical programming.

"We see these individuals who have this substance abuse problem cycle through our system, and that is one of the primary reasons I'm requesting guidance," Tierney said. "I don't have a method or at least any opportunities to work on addressing this with our community."

Springfield officials expressed support for continuing to explore the possibility of a drug treatment court, but Mayor Sean VanGordon said the city is "a long way from the finish line."

## DUIs common in Springfield

Driving under the influence of intoxicants is the second most common charge in the city, Tierney said.

There were 277 arrests for DUI in 2020, he said, and 241 in 2021.

"This week, I've received a call every night for warrants regarding particular DUI calls," Tierney said, adding there's basically an arraignment for at least one DUI every day.

Property crimes such as second- and third-degree theft also are common charges, he said, and they're often driven by the cycle of drug addiction.

Tierney told officials he sees the same individuals "very frequently" and said studies have shown a series of stints in jail doesn't break the criminal cycle.

People need treatment and engagement with people encouraging sobriety and offering services, he said, and a treatment court would allow for that.

## Multiple benefits

There are many potential benefits to a drug treatment court, Tierney said, including:

- A focus on people who are the most likely to reoffend and have the highest need for services
- Multiple routes to the program, in-

cluding a deal with the prosecutor and the court deciding someone would be a good fit

- Direct accountability to the court
- Mandated treatment
- Direct access to services

Based on screenings from Emergency Addiction & Mental Health Services, which would serve as the treatment provider, there are people currently in custody in the city's municipal jail who could benefit from the program, Tierney said.

Several groups are supportive of Springfield starting a drug treatment court, he said, including county agencies involved in health care and local nonprofits that help veterans and those with mental health and substance use disorders.

## Grants available to start, maintain

A treatment court could cost tens of thousands a year, and likely more based on estimates Tierney provided.

There are federal grants available through the Bureau of Justice Administration to start and maintain treatment courts, he said.

In 2022, the grant was for up to \$700,000 over a four-year period with local governments provided a 25% match through in-kind hours and services, he said, but staff aren't yet sure how much might be available next year.

The funding cycle likely will open in March, Tierney said, and the city already has prepared materials to apply if officials approve moving forward.

Local government can continually reapply for funding, he said, and he would intend to do that. The money available for continuing treatment courts is higher than the pool of dollars for starting them, he added.

Nothing is set in stone, City Manager Nancy Newton said, as the work session earlier this month was focused on gauging council's opinion before moving forward with more research.

Councilors generally expressed support, saying they understand the need.

"Right now, Oregon's awash in drugs," VanGordon said.

Staff will look deeper at potential costs and long-term financial viability before returning to council to continue the discussion, Newton said.

# Brooklyn Bishop Robbed By 3 Armed Assailants While Delivering Sermon

By CHRISTINE CHUNG

A showy pastor who was in the middle of delivering his sermon and his wife were robbed at gunpoint of more than \$1 million worth of jewelry at a Brooklyn church on Sunday, the police said. The heist was caught on a livestream video of the service.

Lamor M. Whitehead, 44, a bishop at the Leaders of Tomorrow International Ministries in the southeastern Brooklyn neighborhood of Canarsie, spoke about the armed robbery in an Instagram post, calling it an example of “how the devil moves.”

“The devil don’t care; he sent them,” Mr. Whitehead said. He did not immediately respond to a request for comment.

Mr. Whitehead, an ally of Mayor Eric Adams who has appeared publicly with him on occasion, describes himself as having been “adopted” by Mr. Adams as a “mentee.”

Last year, he ran an unsuccessful campaign to succeed Mr. Adams.

Alex Traub contributed reporting.

ams as Brooklyn borough president. “Thank You Eric Adams For Your Leadership I Will Take It From Here,” he wrote on Instagram in June.

This spring, Mr. Whitehead tried to help broker the surrender of a murder suspect in an attention-grabbing case.

“No one in this city should be the victim of armed robbery, let alone our faith leaders and congregants worshipping in a House of God,” the mayor said in a statement on Monday. “The N.Y.P.D. is investigating this crime and will work tirelessly to bring the criminals involved to justice.”

Just before the robbery began, footage of the sermon posted on YouTube showed Mr. Whitehead posing a question to his congregation: “How many of you have lost your faith because you saw somebody else die?” Almost immediately after, a trio of armed and masked individuals in black clothing entered the church, according to Mr. Whitehead, the police and the footage.

Seconds after his question, Mr.

Over \$1 million worth of jewelry was stolen from Lamor Whitehead and his wife, the police said.

Whitehead appeared to spot the intruders as they entered the church and he lay down on the raised stage while raising his arms. “I didn’t know if they wanted to shoot the church up, or if they were just coming for a robbery,” he said in the Instagram post. Sirens could be heard from the parishioners. It was unclear

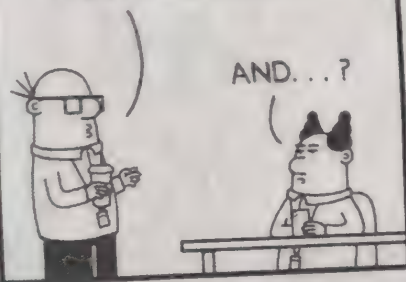

how many people were in attendance. He described being on the ground with a gun pointed at him and subsequently being stripped of belongings, including his watch and bishop’s cross. He said he was “wrecked off his feet” after the robbery.

Mr. Whitehead said he believed the intruders did not know that they were being filmed. Jewelry was also taken from Mr. Whitehead’s 28-year-old wife, the police said, adding that neither of the victims was injured. After the theft, which took place shortly after 11 a.m., the three individuals fled on foot and entered a

# Let God's Word Give You Hope

The powerful promises and blessings of God can be found throughout the Bible, bringing hope to all those who call on Him.

As you use colored pencils, pens, watercolors, markers, or crayons to bring these pages to life, you can claim God's promises as your own and experience the many blessings contained in these Scripture verses.

This is your time to relax, unwind, and set your mind on God. Be creative and bring color to His words. And when you're done, you can remove your art from the book and hang it wherever you need a reminder of His love for you. Or you can frame your creations and give them as a gift.

When you encounter the hope that only God can provide, you can have faith in a brighter future.
